Good morning,

The Safety team from the Transport Department of the Dunedin City Council, has been liaising with you in the past regarding the parking and regulation changes referenced above. Due to some additional feedback received, the design originally proposed for the location detailed in the letter has been reconsidered and slightly modified. We want to let you know that a new consultation period regarding these modifications is open between today and Wednesday 14 of August. Your feedback regarding improvements in the school areas is important. Please see details in the letter attached.

Yours sincerely
