

Matters relating to the City Council's adopted amendment to the LTCCP subsequent to this report

This report dated 19 June 2006 relates to the Long Term Council Community Plan (the LTCCP) for the 10 years commencing 1 July 2006, approved by the City Council on 19 June 2006. Subsequent to this, the City Council adopted two amendments to its LTCCP for the 10 years commencing 1 July 2006, (1) to amend the revenue and financing policy with respect to solid waste, cemeteries and crematorium activities; defining "separately used or inhabited part of a rating unit"; the City Council's contribution to the proposed new stadium; introducing the Dunedin public libraries redevelopment project and updating the financial forecasts on 28 June 2007, and, (2) update the development contributions policy and financial forecasts on 25 June 2008. The City Council has not prepared an amended LTCCP that incorporates the amendments adopted on 28 June 2007 or 25 June 2008. Consequently, to form a view of the LTCCP of the City Council, the content of the LTCCP to which this report relates should be considered in conjunction with the City Council's adopted amendments. There is no legislative requirement for us to report on the adopted amendments and we have not done so.
