

Dunedin City Council Funding Allocated

The Dunedin City Council's March 2009 funding round has been completed and the Community Assistance Sub-Committee of councillors and community representatives has allocated funds to 83 groups and organisations, from the community, recreation, youth, arts, environmental, cultural, heritage and events sectors. In doing so the Dunedin City Council recognises the important contribution made by community organisations to the overall health and well-being of the city and its residents.

The next major Funding Round closes at 5pm on Friday 25 September 2009. Application forms are available from DCC Customer Services Offices from early August.
