

Endangered NZ Birds

Our bird is the :

We know our bird ...			
looks like ...	eats ...	gets eaten by ...	
lives in ...	other things we know about our bird ...		

These things may have made this bird endangered...
(think of what people do, what other animals do and what your bird does...)

These things could help solve the problems

Who should help?	Who should help?	Who should help?	Who should help?

Two things that WE can do to help are:
