I am writing in response to your information request received on 26 August, seeking a detailed breakdown of that the Treaty partnership portion of your rates account. Your request has been reviewed under the Local Government Official Information and Meetings Act 1987 (LGOIMA).

I advise that the chart provided in the pamphlet is based on operational expenditure, not rates revenue for the 9-year plan 2025-35. It provides an estimate of how \$100 of operational expenditure is spent across Council activities.

The total general rates budgeted for the 2026/27 year as per the Annual Plan 2026/27 (page 19, [Annual-Plan-2026-2027.pdf](#)) is \$151.206 million. The Treaty Partnership rates revenue budget is \$0.926 million and this is 100% funded via the general rate as per the Revenue and Financing Policy (page 3 of this pdf, [9-year-plan-2025-34-Revenue-and-financing-policy.pdf](#)).

This equates to 0.61% of the total general rate revenue budget.

Below is a breakdown for the average residential property:

Residential Sample	CV	2026/27 Rates	Treaty Partnership 0.61%
Average CV	643,183		
General Rates		\$2,078.12	\$12.68
Community Services		\$124.30	
Kerbside Collection		\$348.00	
Water		\$810.00	
Drainage		\$1,000.00	
Total		\$4,360.42	\$12.68

This calculation only applies to the general rate portion of the rate account as the other four rates are targeted rates and therefore used to fund specific activities.

We trust that this responds to your information request.

Hi

I am still waiting for an answer to my enquiry. It is a genuine question as I understand all the other allocations in the recent rates pamphlet except the treaty partnerships part so would appreciate an answer to my question.

Subject: Treaty partnership

Hello

Can I please get a detailed breakdown of what the treaty partnership portion of my rates account is. I imagine this will be a common query so hopefully you will have the information at hand.
