
Under	the Resource Management Act 1991 (RMA)
In the matter of	an appeal under Clause 14(1), First Schedule of the RMA in relation to the proposed Second Generation Dunedin City District Plan (2GP)
Between	Liquigas Limited Appellant
And	Dunedin City Council Respondent

Notice of wish for Oceana Gold (New Zealand) Limited to be party to proceedings pursuant to section 274 RMA

31 January 2019

To: The Registrar
Environment Court
Christchurch

- 1 Oceana Gold (New Zealand) Limited (**OGNZL**) wishes to be a party pursuant to section 274 of the RMA to the following proceedings:

Liquigas Limited and Others v Dunedin City Council (ENV-2018-CHC-229) being an appeal against decisions of the Dunedin City Council on the 2GP.

- 2 OGNZL made a submission and further submissions on the 2GP¹.
- 3 OGNZL is not a trade competitor for the purposes of section 308C or 308CA of the RMA.
- 4 OGNZL is interested in part of the proceedings.
- 5 The parts of the proceedings OGNZL is interested in are:
- (a) Definitions, Rule 1.4.1 – definition of Reverse Sensitivity;
 - (b) Special Information Requirements, Rule 9.9.1 - Site Management and Emergency Response Plans;
- 6 OGNZL opposes the appeal in respect of deletion of the definition of Reverse Sensitivity. In FS2439.1 OGNZL opposed the submission of the Oil Companies OS634.9 which sought removal of the definition. Retaining a definition provides certainty and clarity.
- 7 OGNZL opposes the appeal in respect of Rule 9.9.1 Site Management and Emergency Response Plans to the extent that it may introduce an additional information requirement – provision of a risk assessment – for mining activities. The existing information requirements are adequate to inform Council about the activity.

¹ Original Submission 1088 (24 November 2015); Further Submission 2439 (3 March 2016)

- 8 OGNZL agrees to participate in mediation or other alternative dispute resolution of the proceedings.

Dated this 31st day of January 2019

A handwritten signature in dark ink, appearing to read 'J St John', is written over a horizontal line.
