Submissions on other aspects of the 2GP may not be considered by the hearing panel.

You must indicate which parts of the plan change your submission relates to. You can do this by identifying the relevant Change ID and either making a submission on:

- If the change is not rejected, amend as outlined below

Reasons for my views (you may attach supporting documents):

Please see attached for mapped area.

Subject: Changes to Mapping of Areas of Significant Biodiversity Value (ASBVS) in the second generation Dunedin City District Plan 2024 (2GP)

Areas that I believe don't contain areas of significant indigenous vegetation or significant habitats of indigenous fauna and should not be protected as part of an existing ASBV are South of the bushed area and below the purple line on the title outlined in red. (purple hashes). This area is currently in mature pasture and house buildings & curtilage ie no value to ASBV.

I request only the area of bush be subject to existing ASBV, removal of the house, buildings and paddocks from this. Refer to map attached in supporting documents.
