To: Amy Young, John Sule, Wendy Colwell
Subject: Letter for April 11th hearing

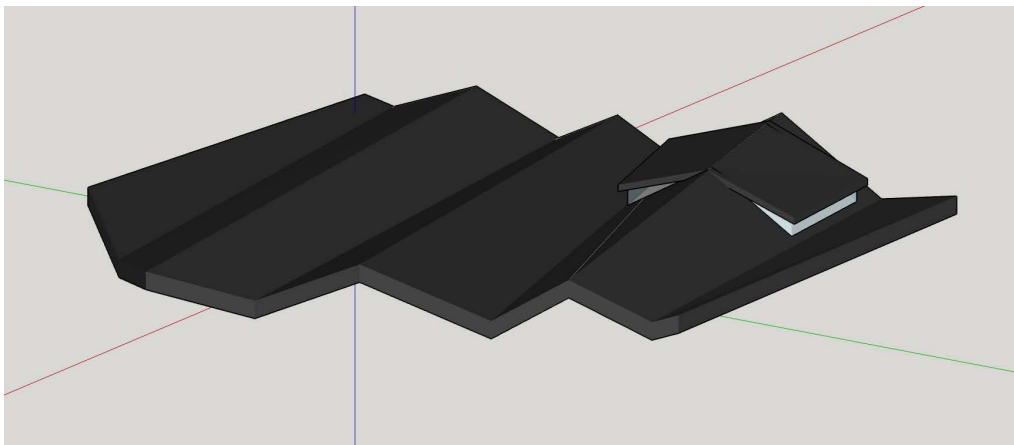

Resource consent application LUC 2016-480, 201 Princes Street, Dunedin.

Herewith some further visual information on the possible solutions of lowering the total roof.
By adding a roof light over the mezzanine floor.

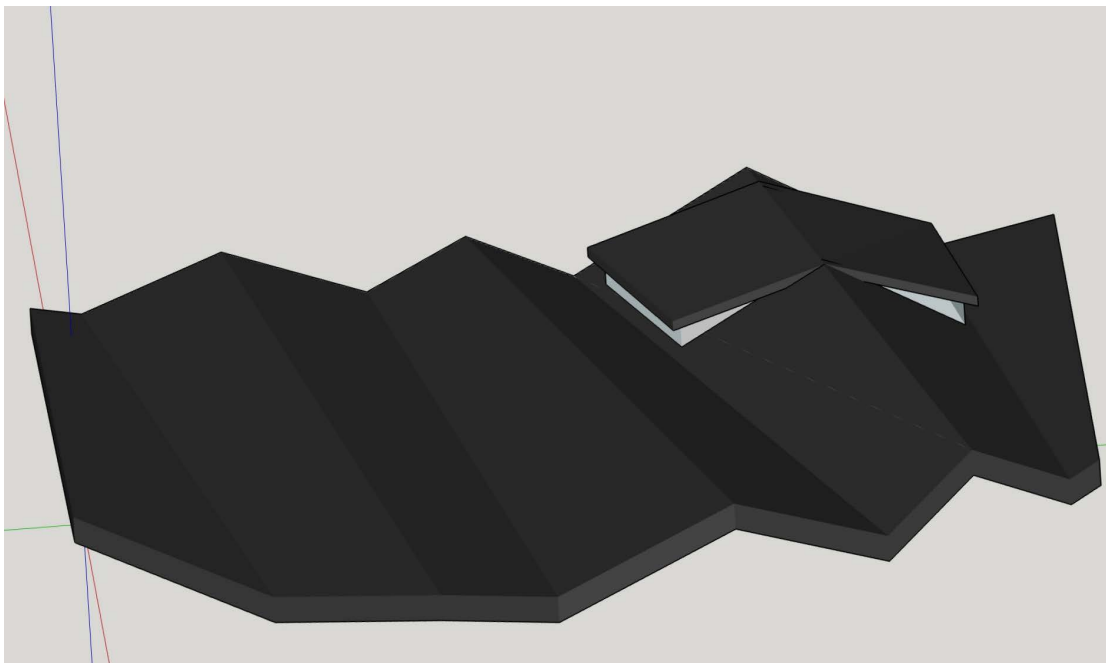

The height of this above the main roof depends on the amount of lowering of the main roof.
At this stage it is planned to lower the roof by about 500mm and bring the roof light up by 400mm.
Will bring a model to the hearing to show the effect.
