Tēnā koe Rebecca and s42A report authors,

**Dunedin City Council Plan Change 1 Minor Improvements – Stage 2 Hearing
(Non-Heritage Topics)**

Following the lodging of submission by the Director-General of Conservation (Director-General) on proposed Plan Change 1, DOC staff have reviewed the Council's s42A report for Hearing Stage 2 and the supporting biodiversity evidence provided in Appendix C.4. In particular the proposed changes identified as CP11, NE7, NE13, REC 2, and Tree 2.

The Director-General supports the recommendations made in the Council's Section 42A report (dated 25 July 2025) on these changes. I therefore advise that the Director-General no longer wishes to be heard at the Stage 2 Hearing.

Please contact Liz Williams if you have any questions on this (email lwilliams@doct.govt.nz or mobile 027 253 8586).

Nāku noa, nā

Gabriel Davies

Operations Manager, Coastal Otago
