

User guide to the decision reports and the marked-up decisions version of the 2GP

The decisions of the 2GP Hearings Panel are presented in 29 decision reports (one report per hearing topic).

The reports include the Panel's decisions and reasons and incorporate the requirements under s32AA.

At the end of each report a table has been included summarising all the decisions on provisions (Plan text) in that decision report.

Marked-up version of the Notified 2GP (2015)

The decisions include a marked-up version of the notified 2GP, which shows the amendments made to the notified plan in ~~strike-through~~ and underline. Each amendment has a submission point reference(s) or a reference to 'cl.16' if the amendment has been made in accordance with Schedule 1, clause 16(2) of the Resource Management Act. Schedule 1, clause 16(2), allows minor and inconsequential amendments to be made to the Plan.

Amendments to the Schedules below are not marked up as in other sections of the plan as they are drawn from a different source. Any changes to Schedules are detailed in the decision report for the relevant section.

Some very minor clause 16 changes such as typographical errors or missing punctuation have not been marked up with underline or strikethrough. More significant cl. 16 changes (such as where provisions have been moved) are explained using footnotes, and in some cases are also discussed in the decision.

Hearing codes and submission point references

As part of the requirement of the DCC to summarise all original submissions, all submission points were given a submission point reference, these references started with 'OS'. Further submissions were also summarised and given a submission point that started with 'FS'.

The submission points are made up of two numbers the first is the submitter number, which is followed by a full stop, the second part is the submission point number for that submitter.

For example, OS360.01 is submitter 360 and their first submission point.

The 2GP Hearings Panel has used these same submission point references to show which submission points different amendments were attributed to. However, to enable these changes to be linked to different decision reports, the reference code was changed to start with a decision report code, e.g. Her 308.244.

A list of hearing codes can be found on the following page.

It should be noted that in some cases where several submitters sought a similar change, the submission point reference may not include all of these submission points but rather include only one or say, for instance, "PO 908.3 and others".

Master summary table of all decisions

In addition to the summary table at the end of each decision report there is a master summary table that lists all decisions on provisions (Plan text), across all hearing topics, including details of the section(s) of the decision report in which that decision is discussed, and the relevant section(s) of the s42A reports. The s42A report sections will be helpful for appellants needing to identify which other parties have submitted on that provision, as notices of the appeal must be served on every person who made a submission on the provision or matter to which the appeal relates. The master summary table of decisions can be found on the decisions webpage of the 2GP website (2gp.dunedin.govt.nz).

How to search the document for a submitter number or name

1. If you want to search for particular submitter name, submission point or Plan provision in any of the reports (decision report, marked-up version of the Plan, or s42A report) the easiest way to do this is to use the 'Find' function.
2. When you have the document open, press the keys CTRL and F (Windows) or CMND and F (Mac) to bring up the 'PDF Finder'.

Chrome – PDF finder search box

Chrome – PDF finder search box

3. Once the PDF search box appears (in the top left or right corner of your browser) type in the submission number or submitter name and press enter on your keyboard.
4. The PDF finder will search for all instances of this term. Depending on the size of the document and your internet connection it may take a minute or so.
5. Press on the up or down arrows (Chrome) or 'next' (Internet Explorer) in the search box to view the different instances of the term until you find the one you are looking for.
6. An 'advanced search' function is available under the Edit tab in some PDF viewers, this allows you to search 'whole words' only to look for exact strings of letters or numbers
