Hi all,

Please note that we are going to accept Allan's email as a submission. All of the information required in Form 5 is contained in the email correspondence below. Let me know if you need any help allocating the information to the different fields.

I spoke with him on the phone yesterday (23 Feb) to confirm whether he would wish to be heard. He is happy for us to put down 'YES' and he will decide closer to the time depending on availability.

Thanks,

Emily McEwan

Thank you Emily for listening to my rant I no I'm not a builder or contractor trying to make a buck I just don't want to see our quite neighborhood changed with high rise buildings all the people round here probably wouldn't complain if they put 4/5 single level houses there but going up will just upset all.

Ps I'm not very computer literate so the tec stuff about the zoning is very confusing to understand I feel the council would have more luck to send someone round the neighborhood to hear real feedback face to face
