

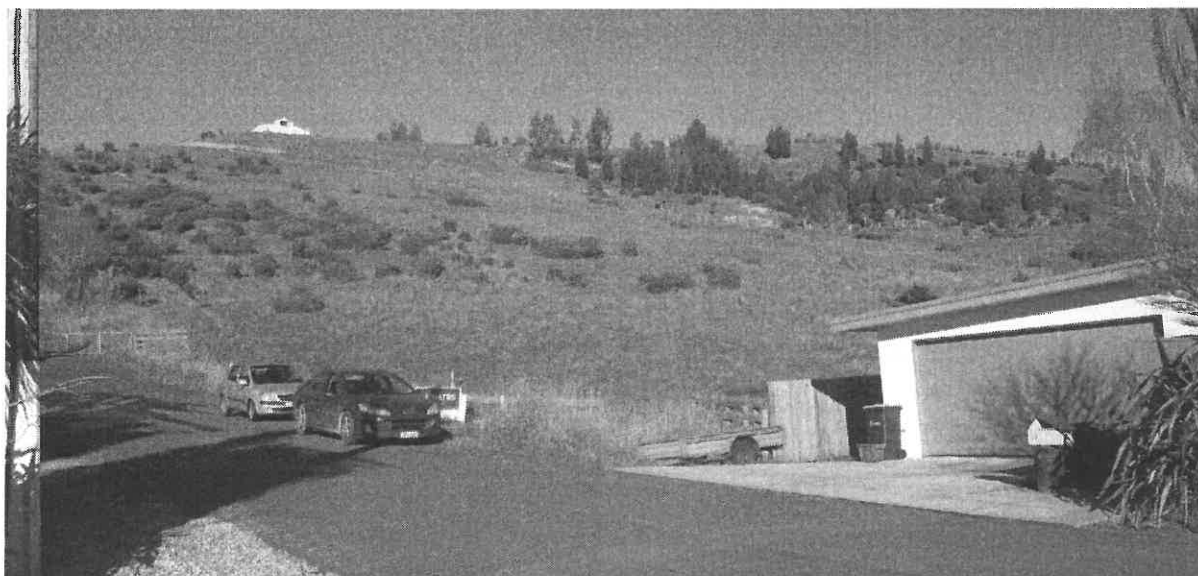

Photo 1: The subject site as viewed from the bottom of Riccarton Road East. The building platform of proposed Lot 3 is situated approximately centre of photo, and the temporary residence of proposed Lot 1 is visible on the skyline.

Photo 2: A mid-distance view of the site.

Photo 3: The hillside of the subject site, showing the planting of the landslide area.

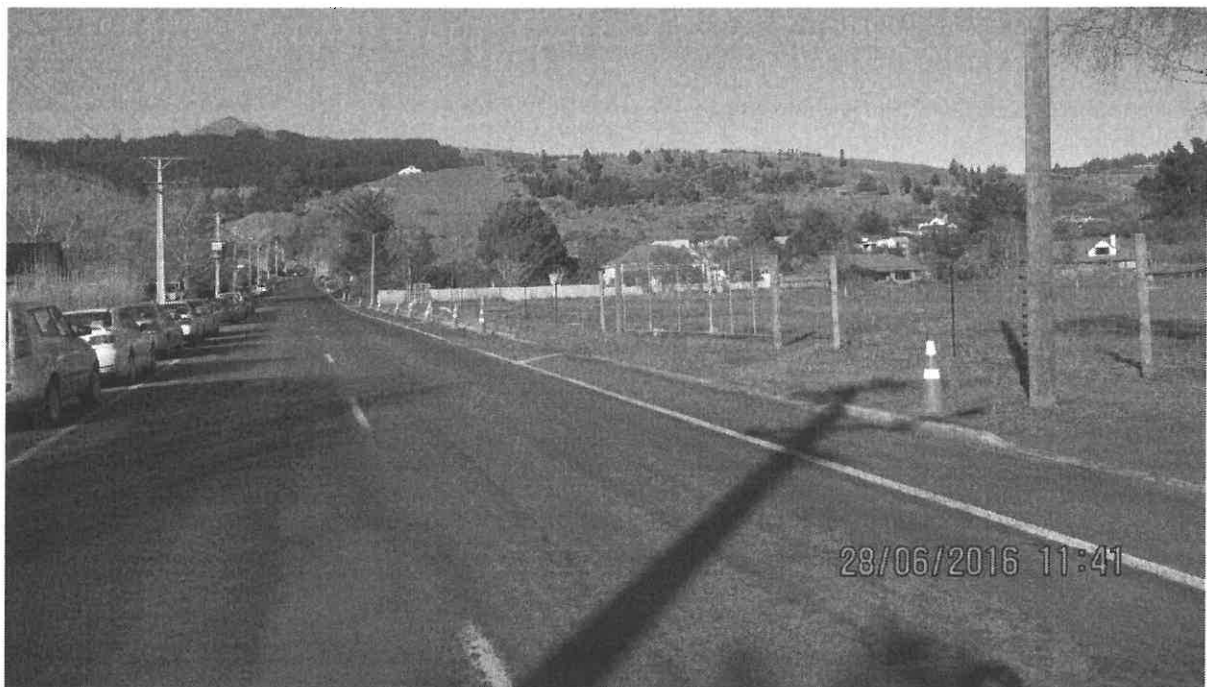

Photo 4: The subject site viewed from 350m along Riccarton Road East from the subject site.

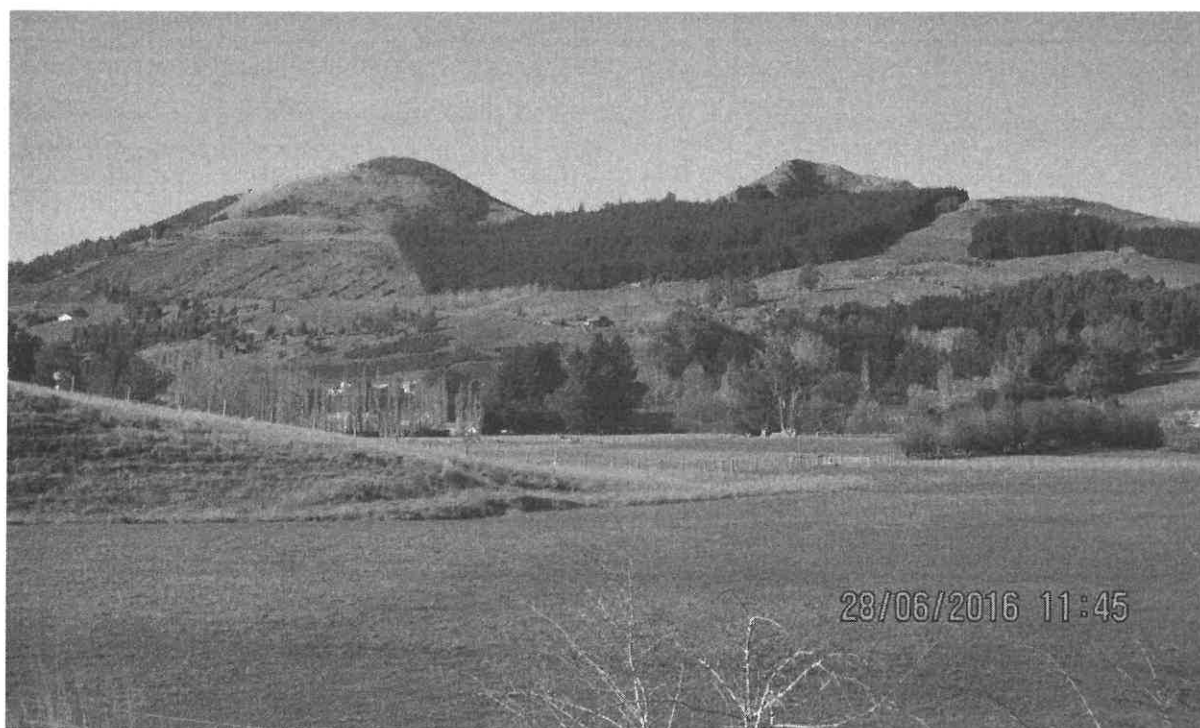

Photo 5: A more oblique view of the subject site and Saddle Hill surroundings. The existing temporary dwelling is the white building on the extreme left. The house of 86 Riccarton Road East is on the lower ridgeline, approximately centre of the photo.

Photo 6: The southeast corner of the subject site, showing the shed, and the temporary dwelling on the ridgeline.

Photo 7: The south-facing hillside of the subject site, planted in gums, with the shed to the right. The building site of proposed Lot 2 is more or less on the crown of the ridge.

Photo 8: The proposed access to Lot 2 on the south face.

Photo 9: Looking along the lower boundary on the north face. The residential properties of Main South Road are behind the fence on the right. The track is on the subject site.
