After Removal of the Tree

4. *The landscaping and planting as depicted in the plan required by condition (1) of this consent must be carried out within six months of tree T666 being removed and must be maintained on an ongoing basis thereafter.*

Advice Notes

1. It is recommended that the consent holder consult with the council's landscape architect to establish suitable species for the replacement planting(s) required, particularly in respect of the mature native tree.
2. It is recommended that prior to removal work being undertaken, the consent holder consult with the DCC Transportation Department regarding traffic management around the site during the removal process.
3. All costs associated with the removal of the tree are the responsibility of the consent holder.
