Kia ora Mr [redacted]

I am writing in response to your information request (see your email below) received on 28 September 2026 seeking information for a drainage plan/drawings for Arthurs Walk in relation to your property at 21 Glengyle Street.

I advise that the DCC 3 Waters records do not show any stormwater drainage in the Arthurs Walk area.

To assist you in viewing the drainage information for the Arthurs Walk area we have provided a link to the DCC Water Services Map on the DCC website. To utilise the map please enter your address into the search field and this will indicate the services in place in the map "Layers" to identify the map references for water, stormwater etc.

Hi

Twenty years ago I sent a note to you to say there was seepage at the Arthurs Walk end of my property at [redacted]
A guy came out to view, but there was nothing further done but I see one of you wrote on my Limm that there was a mention of seepage out of the bank .
Would you please send to me DCC's drainage plan showing how they collect and take away rain runoff down the full length of Arthurs Walk ,as this ,or lack of this ,may be part of the problem .
Could you send your drawings from the top of Arthurs walk ie from Shandon Road down to Glengyle St.

Thankyou

Regards
