

Information about charges
Wastewater Service

Category	Type of Charge	Name of the Charge	Residential, non residential or combination?	Geographic Area	Circumstance in which the charge applies	Amount (including GST)	Part of the charge attributable to regulated service	Charging Basis	Other Information
Contaminants	Fee	Trade waste charges	Non-residential	Dunedin City	Wastewater Discharge	0.26	All	Based on presence of contaminants	BOD5 per kg
Contaminants	Fee	Trade waste charges	Non-residential	Dunedin City	Wastewater Discharge	0.48	All	Based on presence of contaminants	NFR/TSS per kg
Volumetric	Fee	Trade waste charges	Non-residential	Dunedin City	Wastewater Discharge	0.15	All	Based on presence of contaminants	Volume per cubic metre
Contaminants	Fee	Food, Oil & Grease Waste Charges per tonne	Non-residential	All areas	Consent Applications, Compliance Monitoring, Re-inspection & Consent Breaches	81.74	All	Payable on the provision of specific services	Volume per tonne
Contaminants	Fee	Septage Waste Charges per tonne	Combination	All areas	Consent Applications, Compliance Monitoring, Re-inspection & Consent Breaches	42.64	All	Payable on the provision of specific services	Volume per tonne
Other	Fee	Laboratory - variable cost	Combination	All areas	Consent Applications, Compliance Monitoring, Re-inspection & Consent Breaches	Actual Cost	All	Payable on the provision of specific services	
Fixed	Fee	Annual Fee	Combination	All areas	Consent Applications, Compliance Monitoring, Re-inspection & Consent Breaches	227.44	All	Uniform Annual General Charge	
Fixed	Fee	Consent Application Fee for minor discharge with pre-treatment (Category B)	Combination	All areas	Consent applicaton	456.16	All	Payable on the provision of specific services	
Fixed	Fee	Consent Application Fee for significant industry and major discharges (Category A)	Non-residential	All areas	Consent applicaton	1,379.99	All	Payable on the provision of specific services	
Other	Fee	Staff per hour	Combination	All areas	Consent Applications, Compliance Monitoring, Re-inspection & Consent Breaches	148.44	All	Payable on the provision of specific services	Hourly rate
Connection	Fee	Standard network contribution fee - sewer connection	Combination	All areas	Sewer Connection	6,022.07	All	Payable on the provision of specific services	Where there has been no prior contribution to the existing network there will be a standard Network Contribution fee for all of the Dunedin City Council areas
Mixed connection and growth	Fee	Allanton – New Wastewater Reticulated Services (Capital Joining Fee Pressure Sewer System)	Combination	Allanton	Sewer Connection	10,500.00	All	Payable on the provision of specific services	Installation fees
Connection	Fee	Allanton – New Wastewater Reticulated Services	Combination	Allanton	Sewer Connection	As quoted	All	Payable on the provision of specific services	Installation Fees will vary according to the market rate at the time of purchase of pump unit, chamber, control panel and ancillary equipment for that property. The costs will be quoted by 3 Waters on application
Connection	Fee	Connection fee greater than 150mm diameter (Sewer Connections – per connection)	Combination	All areas (except where specified)	Sewer Connection	As quoted	All	Based on connection size	Greater than 150mm diameter connection - cost as quoted by 3 Waters on application
Fixed	Fee	Seal Off - DCC contractor to excavate	Combination	All areas (except where specified)	Sewer Connection	2,000.00	All	Payable on the provision of specific services	
Fixed	Fee	Seal Off - Drain layer to excavate	Combination	All areas (except where specified)	Sewer Connection	295.00	All	Payable on the provision of specific services	
Connection	Fee	Standard Connection fee 100mm diameter (Sewer Connections – per connection)	Combination	All areas (except where specified)	Sewer Connection	630.00	All	Based on connection size	Standard Connection - 100mm diameter
Connection	Fee	Standard Connection fee 150mm diameter (Sewer Connections – per connection)	Combination	All areas (except where specified)	Sewer Connection	915.00	All	Based on connection size	Standard Connection - 150mm diameter
Connection	Rate	Drainage rates	Combination	All areas (except where specified)	Per separately used or inhabited part of a rating unit for all rating units in the "residential, residential heritage bed and breakfasts, lifestyle and farmland" categories which are connected to the public sewerage system	1,000.00	76%	Targeted rates	Rating units which are not "connected" to the scheme, and which are not "serviceable" will not be liable for this rate. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Serviceable	Rate	Drainage rates	Combination	All areas (except where specified)	Per separately used or inhabited part of a rating unit for all rating units in the "residential, residential heritage bed and breakfasts, lifestyle and farmland" categories which are serviceable by the public sewerage system.	500.00	76%	Targeted rates	Rating units which are not "connected" to the scheme, and which are not "serviceable" will not be liable for this rate. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.

Connection	Rate	Drainage rates	Combination	All areas (except where specified)	Per rating unit for all rating units in the "commercial, residential institutions, schools and stadium: 10,000+ seat capacity" categories which are connected to the public sewerage system.	1,000.00	76%	Targeted rates	Rating units which are not "connected" to the scheme, and which are not "serviceable" will not be liable for this rate. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Serviceable	Rate	Drainage rates	Combination	All areas (except where specified)	Per rating unit for all rating units in the "commercial, residential institutions and schools" categories which are serviceable by the public sewerage system.	500.00	76%	Targeted rates	Rating units which are not "connected" to the scheme, and which are not "serviceable" will not be liable for this rate. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Connection	Rate	Drainage rates	Combination	All areas (except where specified)	Per rating unit for all rating units in the "church" category which are connected to the public sewerage system.	102.25	76%	Targeted rates	Rating units which are not "connected" to the scheme, and which are not "serviceable" will not be liable for this rate. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Connection	Rate	Commercial drainage rates - capital value	Combination	All areas (except where specified)	Every rating unit in the "commercial and residential institution" category which is connected to the public sewerage system.	0.3377	76%	Targeted rates	A rate of 0.3377 cents in the dollar (including GST) of capital value. This rate shall not apply to properties in Karitane, Middlemarch, Seacliff, Waikouaiti and Warrington. This rate shall not apply to churches. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Serviceable	Rate	Commercial drainage rates - capital value	Non-residential	All areas (except where specified)	Every rating unit in the "commercial" category which is serviceable by the public sewerage system.	0.1689	76%	Targeted rates	A rate of 0.1689 cents in the dollar (including GST) of capital value. This rate shall not apply to properties in Karitane, Middlemarch, Seacliff, Waikouaiti and Warrington. This rate shall not apply to churches. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.

Connection	Rate	Commercial drainage rates - capital value	Combination	All areas (except where specified)	Every rating unit in the "school" category which is connected to the public sewerage system.	0.2533	76%	Targeted rates	A rate of 0.2533 cents in the dollar (including GST) of capital value. This rate shall not apply to properties in Karitane, Middlemarch, Seacliff, Waikouaiti and Warrington. This rate shall not apply to churches. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Serviceable	Rate	Commercial drainage rates - capital value	Combination	All areas (except where specified)	Every rating unit in the "school" category which is serviceable by the public sewerage system.	0.1267	76%	Targeted rates	A rate of 0.1267 cents in the dollar (including GST) of capital value. This rate shall not apply to properties in Karitane, Middlemarch, Seacliff, Waikouaiti and Warrington. This rate shall not apply to churches. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Other	Rate	Commercial drainage rates - capital value	Non-residential	All areas (except where specified)	Every rating unit of capital value on the "stadium: 10,000+ seat capacity" category.	0.0195	76%	Targeted rates	A rate of 0.0195 cents in the dollar (including GST) of capital value. This rate shall not apply to properties in Karitane, Middlemarch, Seacliff, Waikouaiti and Warrington. This rate shall not apply to churches. Drainage is a combined targeted rate for sewage disposal and stormwater. Sewage disposal makes up 76% of the drainage rate, and stormwater makes up 24%. Non-rateable land will not be liable for the stormwater component of the drainage targeted rate. Rates demands for the drainage targeted rate for non-rateable land will therefore be charged at 76%.
Serviceable	Rate	Allanton drainage rate	Combination	Allanton	Service provided	411.00	All	Targeted rates	A 20 year targeted rate for the capital contribution towards the Allanton Wastewater Collection System.
Serviceable	Rate	Blanket Bay drainage rate	Combination	Blanket Bay	Service provided	636.00	All	Targeted rates	A 20 year targeted rate for the capital contribution towards the Blanket Bay Drainage System.
Serviceable	Rate	Curles Point drainage rate	Combination	Curles Point	Service provided	749.00	All	Targeted rates	A 20 year targeted rate for the capital contribution towards the Curles Point Drainage System.
Growth	Development contributions	Wastewater: Development contribution - Dunedin Central Brownfields	Combination	Dunedin Central Brownfields	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	7,972.95	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf
Growth	Development contributions	Wastewater: Development contribution - Dunedin Central Greenfields	Combination	Dunedin Central Greenfields	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	9,919.90	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf
Growth	Development contributions	Wastewater: Development contribution - Warrington	Combination	Warrington	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	16,630.15	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf

Growth	Development contributions	Wastewater: Development contribution - Seacliff	Combination	Seacliff	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	14,333.60	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf
Growth	Development contributions	Wastewater: Development contribution - Karitane	Combination	Karitane	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	13,528.60	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf
Growth	Development contributions	Wastewater: Development contribution - Waikouaiti	Combination	Waikouaiti	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	13,528.60	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf
Growth	Development contributions	Wastewater: Development contribution - Middlemarch	Combination	Middlemarch	The DCC shall assess the development contribution at the earliest opportunity (resource consent, land use consent, building consent, certificate of acceptance or service connection).	22,068.50	All	Payable on the provision of specific services	Development contributions are charged on the basis of a Equivalent Household Unit (EHU). Development contributons information is available in the DCC 9-year plan 2025-34 - https://www.dunedin.govt.nz/__data/assets/pdf_file/0003/1271073/9-year-plan-2025-34-Development-contributions-policy.pdf
