

Replace one P5 car
park with kerb
buildout

This aerial photograph shows a street intersection between Albert Street and Kennedy Street. A yellow line runs diagonally across the intersection. Red and pink shaded areas indicate proposed changes to parking spaces. A red box with white text points to one of these areas, stating 'Replace one P5 car park with kerb buildout'. Another yellow box with white text points to two other areas, stating 'No change to 2x P5 car parks'. The streets are labeled 'ALBERT STREET' and 'KENNEDY STREET' in white text on the road surface. Several cars are visible parked along the streets.

No change to 2x P5
car parks
