

2x unrestricted car
parks become painted
kerb buildout

This aerial photograph shows a street intersection with several planned improvements. Yellow diagonal stripes indicate two areas where unrestricted car parks will be converted into painted kerb buildouts. Red diagonal stripes indicate one area where an unrestricted car park will be converted into a painted kerb buildout. Blue diagonal stripes indicate another area where an unrestricted car park will be converted into a painted kerb buildout. Green diagonal stripes indicate two areas where unrestricted car parks will be converted into painted kerb buildouts. White lines show the existing road layout and pedestrian crossings. A yellow line connects the text boxes to the corresponding striped areas on the map.
