

Install no stopping lines around new kerb buildout

This aerial photograph shows a road intersection with several proposed changes. A new kerb buildout is shown on the left side of the road, outlined in red with a dashed yellow line. A zebra crossing is located in the center of the intersection, marked with black and white stripes. Another kerb buildout is shown on the right side of the road, also outlined in red with a dashed yellow line. A yellow line points from the text box to the new kerb buildout on the left.

Install no stopping lines around new kerb buildout (replacing one unrestricted car park)

This text box is located at the bottom left of the image. A yellow line points from the text box to the new kerb buildout on the left side of the road.

Kerb built out, permanent raised pedestrian crossing

This text box is located at the bottom right of the image. A yellow line points from the text box to the new kerb buildout on the right side of the road.
