Which option do you prefer? Tick one box.

~~Option One – the preferred option – Sale of Aurora Energy~~

Council to approve a sale of Aurora Energy Limited, on the basis that the proceeds are used:

- a. To repay Aurora Energy's debt (forecast to be \$576 million by mid next year); and
- b. To establish a diversified investment fund worth many hundreds of millions of dollars to create income for Council.

✓ Option Two – the alternate option – Keep Aurora Energy

Council to keep Aurora Energy. If Council keeps Aurora Energy, then it will likely increase in value over time, but a regular income to Council is uncertain. If Aurora Energy was to pay dividends (income) to Council, this would probably be funded by debt.
