Submission

Submissions on Gordon Road Floodway consultation can only be made on the provisions or mapping which are under consultation, as stated in the Section 32 report. Submissions on other aspects of the 2GP are not allowed as part of this process.

You must indicate which parts of the consultation your submission relates to.

My submission seeks the following decision from the Council:

- ☐ Apply the Hazard 1A (Flood) Overlay Zone to the whole floodway
- ☒ Do not apply the Hazard 1A (Flood) Overlay Zone to the whole floodway
- ☐ Apply the Hazard 1A (Flood) Overlay Zone to part of the floodway. (Please give precise details, such as a description (please attach a map if possible) of the preferred extent of the proposed Hazard 1A (Flood) Overlay Zone.)

Reasons for my views (you may attach supporting documents):

You can attach additional pages as needed.

When we bought this property the DCC allowed the residential subdivision as it was deemed to have a one in one hundred years flood risk. We do not feel we should be abandoned with a property as a liability. We believe the councils should be installing proper flood protection so our property would regain the value it would have should the flood risk really be one in one hundred years
