Submission

Submissions on Gordon Road Floodway consultation can only be made on the provisions or mapping which are under consultation, as stated in the Section 32 report. Submissions on other aspects of the 2GP are not allowed as part of this process.

You must indicate which parts of the consultation your submission relates to.

My submission seeks the following decision from the Council:

Apply the Hazard 1A (Flood) Overlay Zone to the whole floodway

✓ Do not apply the Hazard 1A (Flood) Overlay Zone to the whole floodway

Apply the Hazard 1A (Flood) Overlay Zone to part of the floodway. (Please give precise details, such as a description (please attach a map if possible) of the preferred extent of the proposed Hazard 1A (Flood) Overlay Zone.)

As ORC & DCC have had months
to gather their evidence then
so should we!

Reasons for my views (you may attach supporting documents):

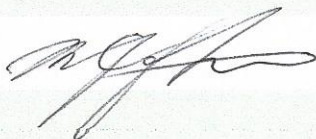

You can attach additional pages as needed.

mapping of the area is incorrect as it
relates to me and my neighbours in a
flood event.

my house, driveway and about 50% of
my paddocks do not flood. I can support
this as no insurance claim has been
lodged. We do not move stock our house
is higher than the Mosgiel township.

ORC + DCC cannot simply rezone this area
and walk away they need to supply us
with the flood services we pay for!

Can I please add the following statement to this submission –

“Please note we have also supported and signed the collective submission lodged by the “Gordon Road Spillway Residents Group” and our submission includes all matters covered in both of the submissions”

Thankyou Moyra Johnston

Also what was the point of sending out a submission extension letter - if it didn't arrive until 3 days after submissions closed?

PLEASE CONFIRM YOU HAVE RECEIVED THIS.
