Hi there

Thanks for sending through the information to us.

We have reviewed item 4.5.5 on the Agenda document attached to your email as related to Change F1-5 (Rule 9.3.3 Firefighting).

This email is to confirm our position that no additional amendments are required in answer to the submission from Dunedin City Council (S187.021) as the submission is largely consistent with the Code as it stands.

Please feel free to contact me should you require any further information.

Regards

Scott Lanauze CMEngNZ(EngTech) GFireE FNZFI

Subject: 2GP Variation 2 Additional Housing Capacity - Hearing 3 - Part 2b - 3 Waters Provisions - Notice of Hearing

The third hearing for 2GP Variation 2 Housing Capacity will consider Part 2b 3 Waters Provisions submission points and will be held in the **Edinburgh Room, 2 Floor, Municipal Chambers** (entrance via the Octagon) on **Wednesday 8 December 2021 and Thursday 9 December 2021** and **Friday 5 December 2021** (if required) commencing at **9.00 am each day**.

Please find attached a copy of the Agenda and Section 42A report.

Running of the Hearing

You have indicated that you do not wish to appear at the hearing. You can be assured however, that all submissions are considered by the Hearings Panel as part of their deliberation process, regardless of whether submitters attend the hearing to speak to their submissions. However, if you now wish to speak to your submission please contact myself or e-mail gso@dcc.govt.nz by 1 December 2021.

Dependent on the Covid Alert Level, we may need to run some or all of the hearing via Zoom Audio Visual link and should this be the case the meeting will be also be livestreamed.

To assist with the efficient running of the hearing the Chair of the Hearing Panel will be posting on the DCC's Variation 2 web page a list of questions for the Reporting Officer that the Panel has identified from its initial reading of the section 42A Report. It is expected that a written response to those questions will be provided prior to, or at, the hearing for the benefit of all parties.

Matters considered at Hearing 3

The subject matter for Hearing 3 relates specifically to 3 Waters Provisions and you have submission points related to this hearing.

For those submitters who have submitted on more than one proposed change, your different submission points will be broken down and allocated to each of the relevant hearings where each of those proposed changes will be considered. A subsequent hearing will be concerned with submissions on 'greenfield' rezonings.

If you have any questions please contact either myself or e-mail gso@dcc.govt.nz. Please note, any questions related to the Section 42A report should be referred to the Reporting Officer.

Ngā mihi
