

25.5 Designations

The designations included in this schedule and shown on the District Plan maps refer to land designated for:

1.

An existing or proposed public work where the Dunedin City Council, or the Otago Regional Council, or a Minister of the Crown has financial responsibility for a project or work; or in respect of any land, water, subsoil, or airspace where a restriction is necessary for the safe or efficient functioning or operation of a public work;
2.

An existing or proposed project or work of a requiring authority approved under section 167 of the Resource Management Act 1991; or in respect of any land, water, subsoil or airspace where a restriction is reasonably necessary for the safe or efficient functioning or operation of such a project or work.

By way of explanation of this schedule:

Designation Number - for example D001, identifies a particular designation on the District Plan map.

Designation Name - refers to the name that the site is commonly known as.

Purpose - refers to the purpose for which the site is designated. The requiring authority responsible for the designation may do anything that is in accordance with this purpose subject to any conditions applying to the designation.

Existing - means those designations submitted under the Town and Country Planning Act 1977 or submitted under section 168 or 168A and processed under section 169 of the Resource Management Act 1991 prior to the notification of this Plan under Clause 5 of the First Schedule to the Act.

Modified - means those designations that were “existing” but have been modified as a result of Clause 4 of the First Schedule to the Resource Management Act 1991.

New - means those designations that are a result of the requirements under section 170 of the Resource Management Act 1991.

Note: For any new works within existing, modified or new designations, requiring authorities must, under section 176A of the Resource Management Act 1991, submit an outline plan unless otherwise stated in conditions of the designation or unless a waiver has been granted in accordance with section 176A of the Act.

Comments - may contain restrictions on land use imposed by the designation or additional information.

Conditions - identifies whether there are conditions applying to exercise of the designation, which have been set in accordance with sections 171 and 172 of the Resource Management Act 1991 or Clauses 9 and 13 of the First Schedule to that Act. Details of conditions may be viewed at the offices of the Dunedin City Council.

Map Number - refers to the District Plan map which identifies the location of the designation.
