OPERATING BUDGETS

Revenue

External Revenue

- External revenue has increased by \$1.593 million, 8.8%. The main revenue changes incorporate the following:
 - a) \$1.253 million in Building Services due to an increase in building consenting activity,

- b) \$203k in Parking Services due primarily to an increase in parking infringement revenue,
- c) \$126k in Animal Services from dog registrations due to increased dog numbers.

Expenditure

Personnel Costs

4 Personnel costs have increased by \$1.455 million, 17.3%, due primarily to additional resources in the Building Services team to process an increased volume of consents. This increase is funded by additional Building Services fees revenue.

Internal charges

Internal charges have increased by \$237k, 4.2%. This reflects increased Fleet and BIS charges resulting from the additional full time equivalent staff in the Building Services team, recovered through fees and charges.

FEES AND CHARGES

- 6 Fees and charges are generally in line with the 10 year plan.
- 7 Three new Environment Health fees have been added to recover actual processing time. The three new fees are:
 - i) New Premises Registration fee,
 - ii) Class 2 Verification fee and
 - iii) Corrective Action Request remote sign off fee.
