

ROADING AND FOOTPATHS - OPERATING BUDGET 2024/25

Department: Transport

EXECUTIVE SUMMARY

- This report provides an overview of the operating expenditure budget for the Annual Plan 2024/25 for the Roading and Footpaths Group, as shown at Attachment A. A draft funding impact statement is shown at Attachment B.
- 2 A schedule of proposed fees and charges for the 2024/25 year is also presented at Attachment C.

RECOMMENDATIONS

That the Council:

- a) Adopts for the purposes of developing the Annual Plan 2024/25 and consulting with the community:
 - i) The draft 2024/25 operating budget for the Roading and Footpaths Group as shown/amended at Attachment A.
 - ii) The draft 2024/25 fees and charges schedules for the Roading and Footpaths Group as shown/amended at Attachment C.

OPERATING BUDGETS

Revenue

Rates

3 Rates have increased overall by \$10.1 million, 42.2%.

Grants and Subsidies (operating and capital)

- 4 Grants and subsidies operating revenue has increased by \$175k, 1.6%. This reflects the recovery of costs for ORC bus shelters and NZTA Waka Kotahi State Highway maintenance work.
- Grants and subsidies capital revenue has decreased by \$3.067 million, 15.5%. NZTA Waka Kotahi funding for capital projects reflects the capital programme proposed for the 2024/25 year. The decrease combines an increase in subsidy on renewals of \$3.828 million with a decrease in subsidy on new capital expenditure projects of \$6.895 million.
- 6 NZTA Waka Kotahi funding constraints along with changing priorities, means that the draft budget assumes a shortfall in funding assistance on the eligible capital renewals budget. The

draft budgets limit renewals funding from NZTA Waka Kotahi to \$11.840 million (effectively 39%), short of the \$15.445 million based on the standard subsidy rate of 51%. The Council needs to continue investing in the renewal of the network to ensure levels of service are maintained, therefore the estimated shortfall will be funded by debt.

The draft Government Policy Statement on land transport 2024-34 has been released, and this is being reviewed to understand the Government's funding proposals, their impacts, and what they may mean for our levels of service.

Internal Revenue

8 Internal Revenue of \$262k is the Roading and Footpath activity's share of Better Off Funding.

EXPENDITURE

Personnel costs

9 Personnel costs have increased by \$359k, 7.3%. The budget includes a general salary increase and an increase of 3.0 full time equivalent staff (FTE). 2.0 FTE positions are being funded from the Better Off Funding programme.

Operations and maintenance

- Operations and maintenance costs have increased by \$737k, 4.4%. This is made up of an increase of \$486k for the coastal management project to focus on seawall maintenance and long-term management of the Saint Clair to Lawyers Head coastline.
- It also includes an increase of \$234k for bus shelter and State Highway maintenance work, all of which is 100% recoverable from the Otago Regional Council and NZTA Waka Kotahi.
- Work to find savings in the network maintenance budget, to absorb increased costs such as contract price escalations, is continuing. Updates to the transport budget will be provided in May 2024, when more work has been done to understand the cost pressures and impact on service delivery. Any proposed changes to levels of services will be prepared in time for the development of the 9 year plan 2025-34.

Occupancy costs

Occupancy costs have increased by \$71k, 4.8% which reflects increases in insurance and rates.

Depreciation

Depreciation has increased by \$2.118 million, 7.5% reflecting the 30 June 2023 revaluation and the capital expenditure programme. This valuation reflects assets condition and recent contract rates.

Interest

15 Interest has increased by \$1.745 million, 28.4% reflecting an increase in interest rates and increased borrowing to deliver the capital expenditure programme.

FEES AND CHARGES

16 Fees and charges for activities in the Roading and Footpaths Group have generally been increased by 3% to reflect increased costs.

Signatories

Author: Jeanine Benson - Group Manager Transport	
Authoriser:	Scott MacLean - General Manager, Climate and City Growth

Sustainability

The Annual Plan 2024/25 is not proposing any changes to that provided for in the 10 year plan. Major issues and implications for sustainability are discussed in the Infrastructure Strategy and financial resilience is discussed in the Financial Strategy of the current 10 year plan 2021-31.

LTP/Annual Plan / Financial Strategy /Infrastructure Strategy

This report provides draft budgets for the Roading and Footpaths Group for inclusion in the Annual Plan 2024/25.

Financial considerations

Financial considerations are detailed in the report.

Significance

The 10 year plan 2021-31 budgets were considered significant in terms of the Council's Significance and Engagement Policy, and were consulted on. Variations to those budgets are discussed in this report. The draft budgets will be included in the Annual Plan 2024/25, and will be consulted on.

Engagement – external

There has been no external engagement in developing the draft budgets for Roading and Footpaths Group.

SUMMARY OF CONSIDERATIONS

Engagement - internal

Staff and managers from across council have been involved in the development of the draft budgets.

Risks: Legal / Health and Safety etc.

There are no identified risks.

Conflict of Interest

There are no known conflicts of interest.

Community Boards

Community Boards will have an opportunity to present on the draft 2024/25 Annual Plan.
