I, **Dr Anna Louise Johnson** of Dunedin, City Development Manager, hereby solemnly and sincerely affirm:

- 1 I am the City Development Manager at Dunedin City Council (DCC).
- 2 I have read the Code of Conduct for Expert Witnesses in the Environment Court Practice Note 2014. This evidence has been prepared in accordance with it and I agree to comply with it. I have not omitted to consider material facts known to me that might alter or detract from the opinions expressed.
- 3 I hold the qualifications of Bachelor of Science, Political Science and Environmental Studies received from the University of Oregon, Postgraduate Certification (Ecology) received from Otago University and PhD received from the Otago University (Thesis title: Public Involvement in Environmental Impact Assessment: An examination of public involvement in the resource consents process of the Resource Management Act 1991).
- 4 I have over 17 years' experience in the areas of RMA planning, growth planning, community engagement, and planning research, including 10 years as City Development Manager at Dunedin City Council.
- 5 I have been asked to review the affidavit prepared by Emma Christmas in relation to the appeal by Anthony Parata.
- 6 I record that I agree with her assessment of the relationship between, and impact on, the proposed amendments and the 2GP's strategic directions objectives and policies. In particular, that the proposed amendments are intended to more effectively achieve the Plan's objectives, including strategic direction Objective 2.7.1; and that the provisions in section 6, 9 and 17 as proposed to be amended still reflect the approach outlined in strategic direction Policy 2.7.1.3. These amendments do not, therefore, require any change to the Plan's strategic directions.
