

**BEFORE THE ENVIRONMENT COURT
AT CHRISTCHURCH**

ENV 2018 CHC 285

**I MUA I TE KOOTI TAIAO O AOTEAROA
ŌTAUTAHU ROHE**

IN THE MATTER of the Resource Management Act 1991 (RMA)

AND

IN THE MATTER of an appeal under section 120 of the Act

BETWEEN THE PRESERVATION COALITION TRUST

Appellant (ENV 2018 CHC 285)

AND DUNEDIN CITY COUNCIL

Respondent

NOTICE OF PART WITHDRAWAL OF APPEAL BY PRESERVATION COALITION TRUST

29 JANUARY 2020

Counsel Acting:
Rob Enright
Barrister
Magdalene Chambers
Auckland & Wanaka
e: rob@publiclaw9.com
m: 021 276 5787

The Trustees of the Preservation Coalition Trust formally withdraw the following relief from the Notice of Appeal in proceedings ENV 2018 CHC 285:

All relief seeking the landward delineation of the coastal environment.

For clarity, this withdrawal is also intended to withdraw issue 9 in the Appellant's List of Issues dated 16 April 2019.¹

Dated this 29th January 2020

Craig Werner

Authorised Trustee on behalf of the Preservation Coalition Trust

¹ Issue 9 stated as follows:

"The 2GP does not identify the coastal environment in the district, outside areas identified as Coastal Character. The Trust contests this approach, but geographically limited to the Otago Peninsula and Harbour Basin. The relevant issue is whether the Otago Peninsula, and Harbour Basin, should be classified as coastal environment, in terms of the criteria in NZCPS Policy 1. The indicative extent will be identified on a plan to be produced.¹ This issue relates to whether the coastal environment overlay gives effect to the NZCPS.

Scope:

- Submission, Addendum 1, pp50-51,¹ including reference to Boffa Miskell Report 2007, landscape and coastal areas
- Notice of Appeal at Maps Section, Appendix, pp5ff (includes reference to CMA); Attachment 2 to Notice of Appeal."
