1 INTRODUCTION

A Council-controlled trading organisation (CCTO) is an organisation in which the council controls 50 per cent or more of the voting rights or has the right to appoint 50 per cent (or more) of the directors or trustees.

A CCTO operates a trading undertaking for the purpose of making a profit. It is required by law to produce a Statement of Intent (SOI). A SOI is an annual planning document.

Dunedin City Holdings Limited ('the Company') is a CCTO. The Company is wholly owned by the Dunedin City Council.

2 PURPOSE OF STATEMENT OF INTENT

The SOI demonstrates the accountability to the shareholder and the public by outlining the activities and intentions for the next three financial years. It provides an opportunity for the shareholder to influence the CCTO's direction by commenting on the draft version of the SOI. The SOI provides the basis for the accountability of the directors to their shareholder for the performance of the organisation.

The CCTO is required by law to report in its annual report on its performance targets set in the SOI.

3 OBJECTIVES

As defined in Section 59 of the Local Government Act (LGA), the principal objectives of a council-controlled organisation are to:

- a) "Achieve the objective of its shareholders, both commercial and non-commercial, as specified in the statement of intent; and
- b) Be a good employer as per clause 36 of Schedule 7 LGA);and
- c) Exhibit a sense of social and environmental responsibility by having regard to the interests of the community in which it operates and by endeavouring to accommodate or insist these when able to do so; and

In carrying out this function the Board will assess the risks of the activities undertaken by its subsidiaries in the light of the financial sustainability needs of the Dunedin City Council. Building opportunities for collaborative enterprise and capturing Group synergies is an objective of the Company.

Where there is a conflict between maximising the return on investment in each subsidiary and the level of free cash flow required to meet the shareholder's objectives the latter shall prevail while ensuring that the company/group remains financially secure.

As a holding company it is the manager of a portfolio of corporate investments. If it is to maximise benefit to its shareholder, the Dunedin City Council, it may wish from time to time to rebalance the composition of its portfolio by purchases or sales in response to, or in anticipation of, on-going changes in the marketplace.

It is noted that the Board may also from time to time be asked to consider changes to its portfolio in response to changes in the city's strategic direction.
