Helping you to vote for this election

- Candidates are listed in the voting document under the elections they are standing for.
- We have colour coded the voting document and this profile book to help you match the elections and candidate profiles.
- This booklet may contain other elections that do not apply to you.

The successful candidates make decisions that affect us all every day. You will find all or some of these positions on your voting document:

- **The Mayor** is the leader of the City or District Council.
- **The City or District Council** provides communities with a wide range of local services and facilities. Councils make decisions to improve community wellbeing including key infrastructure (e.g. water supply, sewerage, roads), local regulations, recreational facilities, parks, planning and building issues. The council may be elected 'at-large' or divided into wards (including general or Māori).
- **The Regional Council** makes decisions about functions best delivered at a regional scale such as natural resource management (e.g. quality of water, allocation of water, land and soil, coastal planning, plant and pest control), regional transport, and civil defence and emergency management. Unitary Authorities perform the functions of both City or District Councils and Regional Councils. The regional council is divided into constituencies (which may be general or Māori).
- **A Community Board** provides leadership to empower local communities and may make decisions about local issues or recommend how Council should spend money on local services. Community Boards may be divided into subdivisions.
- **A Licensing Trust** exists to sell alcohol responsibly through premises in the trust area and decide how surplus profits are returned to the community. Community and other Trusts support charitable work. Licensing Trusts may be divided into wards.

Dunedin City Council

Mayor

Electing the Mayor

Bill ACKLIN

Independent

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

9 years Council experience

50+ years Dunedin proud

The current council has totally lost its way. Its idealistic approach to our local issues is not working. That's why I'm standing for Mayor and Council. Let's get back to making practical decisions. Why make it difficult for people to use their car when a better solution is not yet realistic? Why push people to use public transport when the options are so limited? There is way too much central government interference in the Dunedin City Council. Local government representatives should be working for you, not central government. I want to put the power back in your hands.

Together we can:

Help protect and grow our business community to ride the post Covid boom; Ensure council helps instead of hindering, building back trust and engagement; Rebuild Dunedin's profile as a fantastic place to visit, live and work.

A True Independent

I believe Dunedin can be New Zealand's best city - the best place to live, learn and work. Where people live fulfilled lives in a connected city that's safe and accessible for all. Where our standard of living is enhanced by our treasured environment.

A prosperous city with meaningful jobs and strong communities, resilient to climate change. A smart city respecting heritage while innovating for our future. I am a people person with the experience and ability to lead Dunedin into this bright future.

As an Independent Mayor, I would lead by collaborating with all Councillors to achieve this vision. We'd deliver agreed strategies and promises to our community, and create the best city for generations to enjoy. We'd raise Dunedin's profile to achieve appropriate Government attention and funding.

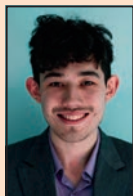

I'm open, approachable, professional, sensible, communication orientated, business-minded, analytical, strategic, fiscally prudent and action focussed.

Jett GROSHINSKI

Independent

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

Kia Ora, my name is Jett Groshinski, I'm a fellow Dunedinite and student here at the University of Otago. I first came to Dunedin in 2014 in which time I have seen how our wonderful city has evolved. My partner and I live in Helensburgh, and my two younger sisters are at Dunedin North Intermediate and Logan Park High School. Dunedin is at a crossroads where there are lots of changes happening to local government and now is a more important time than ever to vote for who you think will represent your needs. There are challenges and opportunities in Dunedin's future, and we need a collaborative, intergenerational leadership to create a sustainable and equitable future Dunedin today. More transparency, climate change action, representation for all, sustainability practices, improved parking, recycling, road safety and community involvement all need to be priorities for the city.

Aaron HAWKINS

Green Ōtepoti

My principal place of residence is in the Dunedin City Council area.

It has been a privilege to serve as your Mayor, and I'm asking for your support to continue for another three years.

Over the next ten years and beyond, we'll see billions of dollars of investment pumped into Dunedin. Our job is to grab that opportunity, and use it to shape a city that can look after its people - and our planet - for generations to come. A city that is accessible, inclusive, and welcoming. That builds more public housing, and a 21st century transport network. That tackles the causes, and effects, of our changing climate head on. And that does these things in ways that reflect our commitment to the Treaty of Waitangi. My commitment to you is to keep going with the work we've started. To keep revitalising Ōtepoti Dunedin. And to ensure we are ready to face the future in a sustainable and inclusive way.

Carmen HOULAHAN

Independent

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

I am passionate about our city and having served a term on council I am concerned about the direction Dunedin is going and this is why I am running for Mayor.

The next three years will see us enter a time of opportunity and recovery. Businesses have suffered from Covid restrictions and now many from road works disruptions.

We need a council that supports business to recover, a council that uses its common sense with spending, is committed to mitigating climate change, and works with and for our community and ratepayers.

Dunedin needs leadership where action is taken to fix problems, opportunities that will benefit our future generations are explored, and assets are protected, upgraded when needed and maintained.

I am a leader who is open, honest and fair. I look forward to working with Dunedin citizens, business owners, and elected members toward a better Dunedin.

Vote Carmen for Mayor.

Mandy MAYHEM-BULLOCK

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

I am an approachable leader with experience in governance.

As Mayor of Dunedin my priorities will include; advocating for climate change solutions and coastal plans for low lying communities; supporting cheap public transport; tackling the housing crisis and working on healthier affordable homes for all residents. I will argue the case for council to be social housing providers. Supporting the cultural and artistic community by enhancing current facilities and safeguarding our venues. I am driven to create a welcoming, inclusive and accessible city where all of its residents feel valued and listened to. I am committed to city growth while protecting the environment and the well being of all our people. Dunedin needs good decision making -I will lead a professional and collaborative Council that listens and engages.

A Council that takes a holistic and strategic approach to decisions, considering social, cultural, environmental and economic well being. For the people.

David Joseph MILNE

My principal place of residence is in the Dunedin City Council area.

I see the Mayoralty as having 2 main functions. Representing people and City of Dunedin, and to make life for Dunedin people more meaningful and enjoyable.

My experience offers extensive knowledge of the food and beverage, primary produce, export, retail, education, tourism and building sectors. As an entrepreneur, product designer and educator, I feel I have the all-round abilities to fit the varied tasks the mayor of Dunedin needs to balance.

A native of Dunedin, I am a graduate of the University of Otago (economics, marketing, management, education) and Otago Polyethnic (Art).

A father to four (Bea, Margot, Abigail, Maximus), I am happily married to my loving and supportive wife Dawn. Culturally my family identifies as New Zealand-Lebanese and Chinese.

Never has there been a more pivotal election in Dunedin. The door the future is open before us. We need to think carefully as to how we move forward.

Team Dunedin

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

If you want a successful city with leadership that listens, I am here to serve you. I am a businessman with practical skills and an Otago

science degree. My strategic overview produces pragmatic, cost-effective solutions using 40 years of experience in team-building, financial control and problem-solving.

A foundation member of the Orokonui Ecosanctuary, I have a deep love for our natural environment. As President of 3 local clubs, I focus on delivering value and influencing achievement in others.

Dunedin deserves practical plans for roads, transport and parking that cater for everyday needs while lowering emissions. Our 1-Way system must be retained. Infrastructure is essential and must receive greater priority while 3-Waters should remain in local control. South Dunedin must be protected not neglected. Landfill alternatives can save us millions. Debt must be controlled.

As your Mayor, I will develop a Dunedin that is welcoming, vibrant and sustainable.

Richard SEAGER

Southern Independents

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

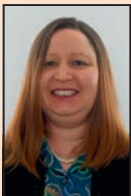

Richard is the Mayor that Dunedin needs. A long-time admirer of Dunedin and resident here for the last 12 years; Richard will provide strong

leadership to lead Council in making Dunedin better with an emphasis on urban development, preservation of our wonderful heritage and the improvement of the city's transport issues.

Richard is well qualified to lead Dunedin into the future having been a self-employed businessman for 30 years, having qualifications in computer and climate sciences, and having studied law, history, transport and urban environments.

Richard believes that the residents of Dunedin have the right to determine how we should live; our health, our welfare and our future.

We don't want to lose more assets; we lost arguably the best tram system in the world; we don't want to lose more. Dunedin should be in control of its water (Richard opposes the Three Waters proposal).

New Zealand is heaven, God's own country, with stunning landscapes, green pastures, livestock, milk, honey, oil, gas and minerals. CO2 is a

nutrient not a pollutant. God created male and female in his image, with dignity, autonomy, freedoms and inalienable rights.

I support democracy not autocracy, we are equal regardless of our ancestors. Children are a blessing. Thank God that farmers feed the hungry and create prosperity. May Dunedin Council borrow from none and use fiscal responsibility to preserve local-governance and keep rates affordable. I oppose theft of property, three waters, managed retreat and SNAs. God opposes UN, WHO, WEF, and Pharmacia's depopulation agenda, sexual immorality and climate idolatry. Make roads straight, fuel cheap, fill pot-holes, speed up traffic flow, open car parks, and remove explosive lithium batteries. I've completed qualifications in theology, teaching, economics, management, fitness and farming. I'm a mother, and property investor from Dunedin not Otepoti.

Lee VANDERVIS

Independent

My principal place of residence is in the Dunedin City Council area. I am also standing for Councillor.

As your independent Mayor free from Old-Boy or Party-Political pressures, I will fight to keep our \$3 billion 3 Waters assets from Government/Iwi takeover, keep our One-Way traffic flowing, optimise more parking and ensure that Councillors know what most people want with regular informal referendums.

I will promote Vibrant Dunedin and use my long Councillor and business experience to attract investment, get real returns from Council Companies, stop rates and debt increases of \$100 million annually, defer \$100 million+ of planned cycleways through George st, Princes st, Uni etc, and get progress on stalled decisions like Stadium use, Unitary Council, Sammy's, Mayfair Theatre, and Taieri Gorge Railway (that has been costing us \$2.5 million annually just to mothball).

Dunedin's glorious past shows that we can have a glorious future if we: encourage development rather than retreat (as with South Dunedin), open smaller easier contracts to everyone, and ensure Democratic decisions.

Sensible, Strategic, Smart. Integrity. Real-world Experience. Empathetic. Practical. Public-spirited. Analytical.

Dunedin needs strong sensible leadership, both inspiring and realistic. As a current Independent Councillor, I'm dedicated to ensuring that we're accountable, action orientated, listen to and advocate for our community. I want to create a more prosperous and liveable city for all of us.

My background in business, tourism, heritage, environmental and council enables me to continue to contribute strongly to wise decision making. Dunedin needs Councillors with real skills and insights evaluating options to make good, evidence-based decisions. My focus is on value-for-money rates, investment, and delivering goals, especially on waste, climate change, transport, as well as economic, social, environmental and cultural wellbeing.

Experience: Commerce Degree Economics , Management - Award winning family business Larnach Castle; Dunedin City Council Economic Development Unit, charitable conservation trust; voluntary governance roles. Three years DCC Councillor. RMA Commissioner.

As your Councillor, I will continue to be a strong voice for our communities, prioritising local people with local solutions. Working alongside others, to build a sustainable future, tackling the challenges and impacts, brought about by climate change. I will support across sectors, public and private, to bring affordable, quality, warm housing initiatives through a variety of options, including rentals and home ownership, Accessible, affordable, public transport, supporting different modes of travel is another key priority. I have considerable governance experience, with a proven ability to manage difficult debates and work through complex issues.

An active Community Advocate for the past 20 years I engage with a wide range of diverse people.

As Regional Coordinator Otago Neighbourhood Support I gain a deeper understanding of what Dunedin Communities need to flourish. I will make evidence based decisions, promoting inclusivity, collaborative, connected communities - a progressive vibrant Dunedin where everyone can belong.

Dunedin - Yes We Can

I stand for a Dunedin in which all our people and communities are included and can thrive.

As a second term councillor I understand process and how to get things done with others e.g. advocating for the Tunnels Trail and securing \$100,000+ for a South Dunedin Street Art Trail.

We have an exciting and growing city with challenges ahead. Priorities include climate change, an improved transport system and parking, a better waste system, more dry and affordable homes, accessibility, supporting our live performance scene, supporting the tourism and business sectors.

My Passion: To upgrade and link Dunedin's track network connecting to the outdoors, communities, and regional trails. Investment in South Dunedin. Investment in upgrading/renewing local playgrounds.

A reset of 3 waters reform is needed.

I value good engagement so that local voices are heard and a council that works well together for the good of Dunedin.

As your current Deputy Mayor, with 15 years' local government experience, I remain focused on Dunedin's future and seek your support to do so.

Despite the pandemic we've achieved significant momentum. Our relationship with mana whenua is strong. With investment from central government, the private sector and led by Council, Ōtepoti Dunedin's prospects are bright. Its liveability and unique character continue to attract new residents. However, there's more to do regarding climate change, housing, accessibility, the arts, transport options and infrastructure. We need to finish the projects we've started. I'll continue to work hard to achieve an equitable future, ensuring no one's left behind. We need a future-ready city for our grandchildren and beyond.

Ongoing, capable, courageous and inclusive leadership is critical. I'll continue to serve you with integrity, genuine care, and make evidence-based, collaborative decisions. The people of Dunedin will always remain at the heart of my work.

My principal place of residence is in the Dunedin City Council area.

With a solid history of business ownership, leadership and community engagement, Kevin looks to bring some business acumen to the DCC. Born in Christchurch, he moved to Dunedin in

2006 when he and his wife purchased their first business and has proudly called Dunedin home ever since.

He has broad experience in leadership and business management having grown several successful businesses, and is a firm believer in financial and ecological sustainability. A foundational supporter of food rescue organisation, KiwiHarvest; long-term provider to Dunedin's local Supper Club charity; 5-year president of New Zealand's Baking Industry; a regular announcer on Radio Dunedin and contributor to The Star, Kevin has strong connections to the community. Kevin is standing with Team Dunedin. If elected, he would drive waste minimisation and recycling opportunities; focus on Dunedin's financial sustainability; promote a welcoming environment for businesses and business growth, and all without compromising the needs of tomorrow.

I have studied, worked, and lived in Dunedin for almost 25 years. I have worked in the fields of various Trade Services, Retail & Sales, Public Transport, Information Technology, and Project & Operations Management in the Education, Hospitality, Public Transport, and Private sectors and have therefore been involved in many discussions and seen many changes around the city and surrounding areas.

I believe this brings wide knowledge and experience that is valuable to the ongoing development and growth of our city and the effects that may bring.

One thing is clear to me that fair and open communication and consultation need significant improvement as do timely and well-thought-out decisions followed by actions that are backed by accountability. We need to look big picture and not with tunnel vision.

I am open to listening to ideas and welcome feedback in all areas. It's our city.

My partner and I live in Helensburgh, and my two younger sisters are at Dunedin North Intermediate and Logan Park High School. Dunedin is at a crossroads where there are lots of changes happening to local government and now is a more important time than ever to vote for who you think will represent your needs.

There are challenges and opportunities in Dunedin's future, and we need a collaborative, intergenerational leadership to create a sustainable and equitable future Dunedin today.

More transparency, climate change action, representation for all, sustainability practices, improved parking, recycling, road safety and community involvement all need to be priorities for the city.

From early on, I was encouraged by family to get involved and debate political matters. Now, in 2022, I am honoured to have been nominated for the role of Councillor for Ōtepoti, Dunedin City.

As a community-minded person, I have consistently worked in volunteer roles to support a variety of organisations, by serving on governance boards, leading projects, organising fundraising, coaching children and managing sports teams. I have represented individuals at mediation and advocated for those facing significant challenges.

My professional roles have been, and are, centred around the successful management of people, projects, and risks. I have considerable experience in developing strategy and policy, whilst also ensuring procedures and practices are compliant and robust, yet flexible enough to meet changing demands and future challenges.

I believe that good business is about good relationships, so education, participation and developing strong community partnerships is a key focus.

Local Government is facing huge change with reforms in 3 Waters and the Resource

Management Act. We need councillors and a

Mayor that are focused on what is best for the

city, and prepared to question decisions that might not be in our best interest. After serving a term on council I am concerned we have had a lot of talk but not a lot of action. Sammy's, five years on is still unused, no decision has been made on a professional theatre and there is a growing concern for the future of live music. If elected I will be a vocal advocate for the arts sector. I will continue to vote against unreasonable rate increases and support climate change mitigation but not continued pedestrianisation of streets and reduced speeds. I have a masters in entrepreneurial business and support our start-up and gaming sectors. Vote Carmen for Mayor and Council

I would like to bring a fresh contribution, to make Dunedin a better place, using my skills as a go to person, who likes a challenge.

Democracy has been called the least bad political system. At least we get to vote the worst politicians out every few years. But now democracy itself is under threat.

Our tyrannical central government is determined to bring in co-governance at every level of government, as described in He Puapua. Councillors should resist the bold grab of \$3 billion of our Three Waters assets. Our cultural institutions, such as the media and academia, should be standing guard against this corruption of democracy. Instead, they have become seduced by wokeness and slavish compliance with this form of apartheid. Most councillors have become tools carrying out globalist agendas such as Agenda 2030. Public consultation has become a mere show. We need councillors who will take control of the bureaucrats, and safeguard our rights and freedoms. We need councillors who will serve the people, rather than the elitist authoritarians behind the UN and WEF.

Hi, I'm Callum Steele.

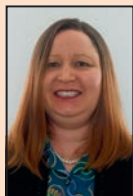

I love Dunedin and have lived here my whole life.

Unfortunately, the current councils' poor decision-making, wasteful spending, and failure to consult with ratepayers is hurting our city. Irresponsible leadership is resulting in rate hikes, wasteful projects like the dots on George Street, and shortages in parking, impacting the viability of our CBD and businesses.

This election is your chance to ensure genuine community consultation, vote for a new council and help grow our city together. I advocate decisive leadership that listens to your voice, responsible investment in core services, and demand excellent value when Council spends your money. I want to see improved public transport, increased parking, and responsible spending.

I am dedicated, passionate, and committed to better financial management of your money and giving ratepayers the respect they deserve.

Please rank Callum Steele and all Team-Dunedin candidates from 1 to 7 on your ballot.

Thank God that farmers feed the hungry and create prosperity. May Dunedin Council borrow from none and use fiscal responsibility to preserve local-governance and keep rates affordable. I oppose theft of property, three waters, managed retreat and SNAs. God opposes UN, WHO, WEF, and Pharmacia's depopulation agenda, sexual immorality and climate idolatry. Make roads straight, fuel cheap, fill pot-holes, speed up traffic flow, open car parks, and remove explosive lithium batteries. I stand for sensible spending, for Democracy, and against Party-Politics in our Council. I have long pushed for accountability and better stormwater/mudtank contracting that has

successfully prevented record rains from repeating the devastating 2015 floods. I have voted against the recent \$51 million increase in 3-Waters spending because central government/Iwi is taking it from us.

I was your only Councillor to vote against unelected Maori voting rights on DCC Committees.

My aim is what is best for Dunedin, for open debate and fair decisions that prevent pressure groups from being subsidised by the rest of us. I will push for long-overdue profits from DCC Companies to reduce debt and rates.

The Stadium should be used and open to all sports/events.

I will continue to vote against extending our mostly unused cycleways, keep our One-Way traffic flowing and vote for zero rates to force our bureaucrats to work within sustainable means.

As Deputy Chair of our Council's Planning & Environment Committee I've championed liveable, people-focused city centres, believing investments in public transport, walking and cycling provide the best outcomes for those wanting greater travel choices and less congested roads.

I'm a respected Resource Management Commissioner and Council's representative on West Harbour Community Board. If re-elected, I'll continue to eagerly push progressive policies that further embed Dunedin as a vibrant, forward-looking and inclusive city.

Brent WEATHERALL

Team Dunedin

My principal place of residence is in the Dunedin City Council area.

Hello! I'm Brent Weatherall, self-employed Jeweller, Dunedin born and bred, and a dedicated family man.

I'm competent, practical and decisive, dependable, vastly experienced in business, grounded, highly approachable, and wholeheartedly dedicated to our wonderful city Dunedin, the oldest and unquestionably the finest in New Zealand.

It's high time for Change and Realism, including rationalisation of our Council's finances so Dunedin can begin living within its means and still deliver affordable, value-for-money physical and social amenities for you, its citizens.

I am passionate about Dunedin's heritage character. I would like for Council to promote it more. I would like to see hassle-free commutes in both private and public transport. I believe that the central city parking situation is poor and needs serious attention.

It is time for change and your precious vote will enable me to work in a Team to reduce the level of community discontent in Dunedin.

Andrew WHILEY

Team Dunedin

My principal place of residence is in the Dunedin City Council area.

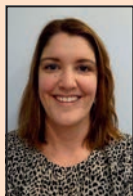

An experienced Councillor since 2013, I've been active on the Saddle Hill and Peninsula Community Boards, Chair of Bylaw Hearings, RMA Commissioner and Deputy Chair of the

Economic Development Committee. I'm active in the community as a Rotarian, Chair of Volunteer South and Dunedin Community House.

I'm part of Team Dunedin, individuals working together to ensure Dunedin becomes a proactive, sustainable, vibrant city with a progressive council. We'll work together rather than in silos, promoting a stronger focus on community engagement and listening. A sustainable city prepares against the effects of climate change, focuses on resilient infrastructure and protects its residents. A welcoming and vibrant city listens and works with citizens, who thrive in a city that is accessible, convenient to get around and is business friendly with enjoyable lifestyle options.

I seek your support to represent you. Dunedin needs, commonsense leadership that is about moving our city forward!

Dunedin City Council Mosgiel-Taieri Community Board Electing 6 Board Members

Kathryn ANDERSON

My principal place of residence is in the Mosgiel-Taieri Community Board area.

I have been part of the Taieri community for almost 7 years. I grew up on a farm in West Otago and moved to Dunedin in 2003. Together with my husband we have three young children,

two attending primary school in Mosgiel and our youngest attends a local daycare.

As well as being Mum to three busy children, I work part time as a Chartered Accountant. I take an active role in our community, currently sitting on our school's Board of Trustees and Friends of the School committee.

You'll often find me out and about - on the sports field, in the supermarket, or at school events. I love our community and think it is a great place to raise a family.

I believe members of our community can add invaluable knowledge and ideas to the development of the area, and I would relish the opportunity to advocate for you all.

Tracy CAMERON

Independent

My principal place of residence is in the Mosgiel-Taieri Community Board area.

My husband and I have loved living in Mosgiel for 19 years and our child has enjoyed school here. We delight in the friendly people that live here and have been involved in many school and

community activities, including soccer coaching, volunteer teacher aid, and school fundraisers.

My career has included being a programmer/analyst for a firm which more recently I continued to do as a self-employed sole trader. I have completed a research project on NZ school children's early literacy skills and beginning reading acquisition. My husband and I also ran a photography business for many years. My educational and work experience will be helpful when representing Mosgiel interests as your Community Board member.

I believe that my role as a Board member is to listen and advocate for my Community, so please vote Tracy Cameron for a strong and approachable representative.

Rosanne DEE

My principal place of residence is in the Mosgiel-Taieri Community Board area.

I have 2 grown children and live in Mosgiel. I have been involved with several groups and committees while my children were growing up and attending the local schools. I spent several

years with the Salvation Army Toy library and assisting with needs in the community.

I now own and operate a local business and work at Wal's Plant Land in Mosgiel. I am also spokesperson for the Friends of the Mosgiel Memorial Gardens Group. Thoughts on other areas include the public transport system, flooding concerns, footpaths and upgrading the infrastructure of Mosgiel and Taieri.

It would give me great pleasure to represent you on the Mosgiel Taieri Community Board. I am open to ideas and suggestions about the needs and concerns of the Taieri. Email me your thoughts and ideas for our community on rosanne9024@gmail.com.

I firmly believe every good team needs a combination of experience, fresh ideas, enthusiasm and a dogged commitment

I have spent hundreds of hours since 2010, being involved at committee level and also at times as a dogged individual, in seeing the new aquatic centre proceed. From reading and deciphering numerous consultants' reports, two years of workshops, visiting other aquatic centres, talking with their staff, developing Proprietors requirements for the final design, and being on the Taieri Community Facilities Trust, who were instrumental in getting the design and community funding finalized. With my experience I was able to keep the project moving during the time of a lot of staff turnover, and each new manager had to be brought up to speed.

I would, with your vote, want to see this Aquatic centre completed and open and be able to continue to support and work for our community.

Regan HORRELL

My principal place of residence is in the Mosgiel-Taieri Community Board area.

I've proudly called Mosgiel home for the past 18 years. I'm approachable, love listening to all viewpoints and enjoy engaging with people from all backgrounds.

A qualified journalist and public speaker, I'm seasoned at asking questions and raising issues for discussion. With decades of community board and council experience, I can bring a knowledgeable yet fresh, new perspective to the Mosgiel-Taieri Community Board.

My aim is to always ensure our community voice on the Taieri is heard loud and clear.

For the past six years, I've enjoyed voluntarily helping inform the wider community through my community Facebook page called Talk on the Taieri. I'm keen to transform the board's public profile so the community is better informed of issues in their communities.

Given my passion for the Mosgiel and Taieri area, I would relish the opportunity to continue to serve, with our community's best interests always top of mind.

Dean MCALWEE

My principal place of residence is in the Mosgiel-Taieri Community Board area.

I'm Dean McAlwee proud to be born and breed on the Taieri, this lifestyle and the people it embodies are second to none! Married with three children, we live in Outram. Having worked in

our family business Mosgiel Mobil for the past 27 years giving me a firsthand appreciation of our incredible community and its ability to achieve great things.

This is my third time standing for the community board. I see a strong need for our board to have a voice supporting the growth and development of the Mosgiel Taieri area and believe my learnings on the board over the past six years is what is needed to move forward.

I'm excited by this opportunity to advocate on behalf of our community ensuring DCC services meet evolving needs of the Mosgiel, Taieri ward. Particularly in relation to water and waste infrastructure, transportation/roading, recreation facilities and economic development opportunities.

We have lived in Mosgiel for the past 42 years and for the past 21 years we have owned and managed several retail stores in the Mosgiel and Dunedin area.

Our children are also involved in these.

I have decided to stand for a seat on the board again as I believe I have a lot to offer given my past history in the finance industry, business experience and other Board positions which include the Mosgiel-Taieri Community Board.

I believe that the Community Board Members with all their long term local knowledge should have the ability to discuss and consult on all local issues and plans.

If elected my promise to you is that I will do my absolute best for the benefit of the Mosgiel-Taieri area

Brian MILLER

My principal place of residence is in the Mosgiel-Taieri Community Board area.

Mosgiel Taieri rural and urban residents pay a high price in rates to the city. The return on your rate investment is low. Lack of maintenance and infrastructure of our roads, stormwater,

footpaths, transport network, water supply is holding up the areas future. Residents have had to put their hands in their pocket to subsidise an upgraded pool, upgraded Coronation Hall and a children's play ground. If elected I will advocate for a better return on the rates we pay. An essential element missing from gaining our fair share has been the community boards lack of communication, consultation and listening to our community. For the board to get the urban and rural communities fair share of the pie the board must change. We must as a board show leadership and work together with our community. Together we will have the strength to achieve what the Mosgiel Taieri deserve.

National President of Retirement Villages Residents Association NZ

My Focus: issues that need addressing, most importantly creating positive communication between the Community and DCC via the Community Board; Heavy Traffic Flows and Spaghetti Railway Junction on Gordon Road; Outram Glen overdue for development; Outram sewerage needs investigation; Flood Mitigation for Gordon Road and the Taieri; Gordon Road footpath repairs; Voice for Senior Citizens; And Much more.

Community consultation is essential for the future of Taieri.

My Community Board achievements to date: I am Project Manager for the Silverstream Beautification Project. So proud all Mosgiel schools are involved. Great success; I have been heavily involved with the proposed cycle trail-Waihola/Mosgiel. I won't promise what I can't deliver but I will give 100% effort on your behalf as a Community Board Member.

Educated at Bayfield High School and Otago University. Since then I have built one of New Zealand's largest and most successful motor companies. Four years ago I took a step back

from running the business and returned to Islington on the Taieri to bring up our young family.

My social belief is that our rates should be used prudently to serve the entire community with essential services and facilities, and not squandered. I am very concerned about the wastage of public money brought about by indecision and a lack of effective leadership.

I promise professional and business-like advocacy. The most important crop produced on the Taieri is people and families.

Our people need strong representation to ensure that our Taieri community continues to prosper.

My motivation is to serve our community. Fees received will be returned to a Mosgiel based charity, in their entirety.

My principal place of residence is in the Mosgiel-Taieri Community Board area.

I have lived in Mosgiel for most of my life.

I am the mother of three children, one deceased and two married and have two grandchildren who attend Taieri College.

I have served the local community with the Taieri Ambulance as an Ambulance Officer, Community Patrol and am on the committee of the local RSA and secretary to Dunedin Ratepayers and Householders Association.

I am interested in bringing Mosgiel back to the vibrant town which it once was.

The Community Board needs to be accessible to the peoples of the Taieri and Mosgiel and would be keen to resurrect the 'coffee' meetings for consultation to take place

As a growing town Mosgiel needs to be able to grow into the future with a team of likeminded people.

It is time to bring the Community Board back to the people and to act for the people of Mosgiel/Taieri.

Vick VEERA

My principal place of residence is in the Mosgiel-Taieri Community Board area. I am also standing for Councillor.

Dunedinites - Aren't you sick of your rates and the annual increases being used to fund projects that don't benefit the majority of residents?

Aren't you tired of your voices falling on deaf ears from the people elected to represent you?

As a fellow ratepayer and resident of Dunedin, I have been on the side-line watching our beautiful city slowly and insidiously losing its eminence and beauty.

As an independent candidate, I will be your voice and be darn sure that the council hears our concerns and needs.

Let's bring honesty and transparency to you and stop the political influence controlling what's best for our city such as 3 waters.

My expertise in Business development and mentoring will be utilised to set up local experts to support small businesses to establish and take them and us to the next level of greatness

Warren CHAMBERS

My principal place of residence is in the Otago Peninsula Community Board area.

I have lived in Dunedin for many years and moved to Company Bay four years ago.

My background ranges from owning a small business to working in the community sector

through to central government roles. My wife is a local High School teacher and my daughter works in the retail sector. I take an active part in the Otago Youth Adventure Trust and the Globe Theatre.

This role, for me, is about providing residents with a chance to have their views and concerns heard and linking them directly with the Council.

Some of the issues that I feel are important to our community include road & footpath safety, consistency in road speed signage, protecting our fauna and flora, and maintaining our community infrastructure and assets.

I love living on the Peninsula and I hope to bring that positive approach and my professional skills to the Community Board.

Elliot DIXON

My principal place of residence is in the Otago Peninsula Community Board area.

I have lived in Company Bay for eight years and my partner grew up in Portobello. My two children go to MacAndrew Bay School and I am looking to represent the people in the Company

Bay, MacAndrew Bay and towards town to ensure we have a voice on the development of the area.

I coach the Hereweka Seagulls football team and when not doing that on a Saturday morning can be found kayaking out around our wonderful harbor. I absolutely love the Peninsula and its people and could never imagine living anywhere else.

I currently work for a large transport company and looking forward to helping with some of the roading issues that have faced the area. I am running to ensure I can assist the community in the improvement of the area including looking after the environment and effectively managing the assets we have.

My husband and I settled here in 2013 (having immigrated from Britain in 1987), previously living around NZ for work. We love our permanent home here and feel so fortunate to have found a welcoming community and beautiful location. I am medically qualified and most recently, led the community consultation for Southern DHB's strategic plan. Since retiring, I have been involved in various voluntary roles, including Meals on Wheels, Masters' Games, resettlement of former refugees and supported their English language learning for 5 years and support my husband with community pest control. I am currently on the Board for the Dunedin Curtain Bank, read the ODT weekly for Blind Low Vision NZ and usher for DSO. With energy, enthusiasm and passion for fairness and inclusiveness, I would be honoured to serve this community.

I live in Waldronville and have served two terms on the Saddle Hill Community Board. I'm keen to see some projects that we have been campaigning for come to fruition. It would be fantastic to continue working with previous board members who are standing again as we have a well-oiled machine and share the same goals for our area.

Our part of town is already the best but there is always room for improvement. While it can be a slow process, I know that perseverance is key to achieving results we want especially if they are ambitious - such as a safe cycle/pathway between Ocean View and Waldronville; play and recreation opportunities for older children and social housing options for those who want to remain in our communities.

Last term I also had the privilege of representing the board at Keep Dunedin Beautiful meetings and served as deputy chair.

Keith MCFADYEN

My principal place of residence is in the Saddle Hill Community Board area.

I have lived in the Saddle Hill Community Board area for over 30 years and am a member of the Green Island soccer club, Island Park Golf Club and President of the Brighton Bowling Club. I

have been a member of the Saddle Hill Community Board (SHCB) for the last 4 terms and have enjoyed representing our community.

It has been a privilege working with residents, community groups and council staff to develop and improve our area and facilities. We still have some challenges to overcome- Coastal erosion, climate change, roading, drainage, recycling and wildlife protection to name but a few. It is important that we individually and collectively work on these areas of concern to better enhance the community we live in.

I would like to continue to represent our community on local body issues and ask for your vote to allow me to continue this work.

The Strath Taieri has been home for the last year. In 2009, when we purchased our property, my husband and I had just completed a cycle tour, on a tandem, from Nelson via the West Coast and

the Otago Central Rail Trail. The train had arrived at the Middelmarsh Station and the town was buzzing, as scores of people explored the village shops, cafes, museum and pub. The friendly people, stunning skies, unique geographical features and scenic Taieri Gorge Train trip was an unforgettable visitor experience for us.

After 25 years working as a nurse in N.Z. and overseas, then parenting and homeschooling our daughter, I am currently enjoying work as a self employed gardener. When I am not in a garden, I also enjoy reading, walking and cycling. Since moving to Middelmarsh I have been active in the community within Lions, the Community Garden, Garden Group and Community Pantry.

Terina GEDDES

My principal place of residence is in the Strath Taieri Community Board area.

Hello, my name is Terina Geddes and I am a mother, wife and farmer here in the Strath Taieri. Having lived here for the past 15 years, I have been active in the community serving on over 10

different committees and holding positions ranging from Treasurer to Chairperson. This has given me skills in leadership, integrity and accountability. I am also reliable, hardworking and loyal.

Our community is continuously evolving, and I would love to see more participation from the community in how things are done, fresh, young eyes with a desire to promote inclusivity and collaboration between groups already active in the Strath Taieri to secure the future of those living in the area, is my main desire for this election. In order to achieve this, we need someone who is honest, approachable and available to meet, listen and talk to all in the community.

Shane LOADER

My principal place of residence is in the Strath Taieri Community Board area.

Overlooked by the glorious Rock and Pillars, this region first got under my skin in 1984 when I began spending lengthy periods of time with my partner's family at Tiroiti.

I want to ensure that what makes this area so special, is preserved for future generations. To this end, on moving here in 2018, I spearheaded the campaign to protect the treasures of Foulden Maar; its fossil cache and the internationally important climate change data it contains.

To provide rich fulfilling lives for all in these challenging times, it's crucial we work together as a community, that we think outside the box, in order to develop the skills, resilience and actions to constructively approach the economic, environmental and social challenges we face.

A filmmaker with a deep interest in NZ history, I have the ability to think imaginatively and strategically, and a commitment to the wellbeing of land and people.

Tony MARKHAM

My principal place of residence is in the Strath Taieri Community Board area.

Retired, married with six children and 12 grandchildren. I have lived in Middlemarch for 22 years on a lifestyle block with my wife Pauline.

I currently lease and look after brood mares for a

local Stud farm. Moved to Middlemarch 22 years ago and commuted to Mosgiel for employment. Previous work before retirement was in the meat industry as an employee advocate and managerial level for 45 years.

Reasons for allowing nomination:

To give locals a choice

I have the ability to be outspoken, but I always listen.

Thank you

Sarah MCCRORIE

My principal place of residence is in the Strath Taieri Community Board area.

Born a Dunedin native and raised in Wingatui, after a short stint up north for work, my husband and I returned home for the better and quieter life, a life we discovered in Middelmarsh.

I am a firefighter with the Middelmarsh Volunteer Fire Brigade, and involved with the Strath Taieri A&P Show Committee, the Singles Ball Committee and the Middelmarsh Community Hall Committee.

Leigh OVERTON

My principal place of residence is not in the Strath Taieri Community Board area.

My connection with the Strath Taieri dates back to the late 1950's when my father was the local Station Master, and my brother attended Strath Taieri school. I recall my parents speaking fondly of their time in Middelmarsh, and what a wonderful sense of community they enjoyed. After buying our humble cottage 18 years ago, we have been lucky to call Middelmarsh our second home. I have been actively involved in the district, running an antique and collectable shop in the railway station and operating short stay accommodation. I am currently employed by Te Whatu Ora Health NZ, in the role of nurse therapist for children and youth. This is both an enlightening and rewarding experience. I am keen to compliment my current role, and have a genuine interest in contributing positively to enhance the local community that my family love and have been a part of for many years.

My principal place of residence is in the Strath Taieri Community Board area.

I have been a permanent resident of Middelmarsh since 2014.

What I would like to see for Middelmarsh in the future is: The resumption of the Taieri Gorge

Railway, preferably as a full service, but at the very least to Pukerangi as was the case pre-Covid; Remediation of the waterways/flooding issues in the township and also along SH87; Establishment of the proposed People's Shed; A greater voice for the youth of the district; A more equal representation of women on the Community Board.

I was involved in the farming industry for 20 years before heading to university.

I have post-graduate training and experience in Risk Management and Animal Welfare Emergency Management.

I have never had, and still do not have, any association with any political party.

Robin THOMAS

My principal place of residence is in the Strath Taieri Community Board area.

My association with the Strath Taieri dates to the land development and settlement era of the 70s, and inception of the Rail Trail in the 80s.

I have a huge appreciation of, and affinity for, the area having owned my property at Elsewhere for 17 years. In re-standing for our local Board I am very keen to encourage greater community engagement in the future of our area and ensure that our voice is heard in those arenas where it matters. I bring a wide range of national and international land and resource management experience to the table having worked across a number of locations in a range of roles.

While experienced at strategic and operational levels including negotiating across a wide spectrum of views I also retain a strong Community focus. Establishment of the Community Board Facebook page and the Strath Taieri Connect Charitable Trust being two local examples.

Anna WILSON

My principal place of residence is in the Strath Taieri Community Board area.

My husband Bevan and I alongside our 3 young children farm a sheep and beef property just out of Middlemarch, we also have Rail Trail accommodation and a Tourism business outside

the region.

I believe I am proactive, efficient, approachable, and willing to listen to gauge issues that affect you and your communities. I am involved in numerous community organisations including: Strath Taieri Playcentre, Strath Taieri School PTA, Strath Taieri Rugby Club administration, Middlemarch Golf Club and the community Food Fairies initiative.

I understand the pressures and challenges that rural communities face. If elected I would maintain a balanced view, challenge where needed and operate with a mindset of fairness. Listening to make informed decisions and working alongside others to achieve results for the Community. I understand the importance that good governance has to ensure the area thrives both now and into the future.

Andy BARRATT

My principal place of residence is in the Waikouaiti Coast Community Board area.

I have lived and worked in the Dunedin region since 1977. After finishing work at the University of Otago, where I held a number of senior academic positions, I have centred my activities in the Waikouaiti area. In 1992, my wife Sue and I moved to Merton, where we have developed a smallholding, growing fruit, vegetables and timber trees. Over the years, I have been actively involved in a wide range of community groups, including Progress of Waikouaiti Area, Sustainable Dunedin City, Dunedin Rural Development, Our Food Network Dunedin and River-Estuary Care Waikouaiti-Karitane. In seeking reelection to the Community Board, I have a solid understanding of what is required of the role and a proven record of conscientious service. If elected, I would strive to ensure that the Board operates in an open and responsive manner and deals promptly with the concerns of local citizens.

Sonya BILLYARD

My principal place of residence is in the Waikouaiti Coast Community Board area.

The last three years have included some big disruptions for the East Otago area and I have enjoyed the chance to help see us through both covid and the water crisis. I support the DCC strategic framework with sustainable outcomes for Otepoti that include our area. Waikouaiti through to Waitati including everywhere in between are part of the greater Dunedin area and I will ensure that local issues around infrastructure, open spaces, social wellbeing and environment are heard. I have spent the past triennium acting as advocate for the interests of my community and I welcome the opportunity to continue doing so for the next 3 years.

Mark BROWN

My principal place of residence is in the Waikouaiti Coast Community Board area.

I have lived and worked in Waitati for over 40 years. My wife, Clare, daughter, Sally and I own and operate Blueskin Nurseries and Café.

Outside of our business we are all involved in some way with community groups and activities. I have been a Community Board Member for 12 years. I believe in supporting local business and groups wherever possible and encourage the D.C.C. to do the same. It is of great advantage to both Council staff and our community to use the expertise within it.

Although I sometimes find the bureaucracy extremely frustrating, it has been great being able to support and represent our community where ever possible.

I believe the retention of Community Boards is very important so we can retain our identity as a community .This appears to be forgotten often by those sitting around the Council Table.

The majority of professional background has been within the Local Government sector for over 25 years. From this I have gained extensive insight, knowledge, and experience on how good governance and good people working together can support and create great communities.

We are loving our new community and I would welcome the opportunity to work for and serve on your community board.

Craig MARSHALL

My principal place of residence is in the Waikouaiti Coast Community Board area.

I have lived in Blueskin Bay for about 16 years and in the Dunedin area for a lot longer. This part of Ōtepoti has great character, interesting people and a very long history. Local character is often forgotten when decisions are made, and solutions are imposed, rather than developed by those affected. The Community Board provides a link between the DCC (and the money) and local communities. I would like to see this link strengthened, and for the DCC to use the Community Boards to develop local policies that reflect local interests. I have been involved in community activities like the Blueskin News. I am a scientific academic at the University experienced in interpreting complex data and in facilitating consensus and collaboration among people of different background and opinion. I'm a good listener who reflects on the evidence and provides thoughtful opinions and would bring this skill to the Board.

My principal place of residence is in the Waikouaiti Coast Community Board area. I am also standing for Councillor.

Hi, I'm Chris McBride, aged 34, a resident of Dunedin for 27yrs and resident of the Waikouaiti coast area for 15 years. I am a proud family-oriented person, business manager/owner, recycling advocate and army reserve soldier. I lead and manage two successful local businesses and I want to lend my fresh perspective to grow a healthy and safe environment for our community to live in. I am confident I have the passion and experience to uphold the views and needs of the wider community. Listening carefully and acting on commitments is the best way we can serve the community and I will wholeheartedly uphold this view. What I stand for 1) Advocating for continued infrastructure upgrades 2) Improving public transport 3) Support locally owned business 4) Enhance the environment through planned and new initiatives. I would be honoured to serve the Waikouaiti Coast Community - Vote Chris McBride this election

Alasdair MORRISON

My principal place of residence is in the Waikouaiti Coast Community Board area.

Alasdair Morrison, a local resident for over thirty years, is seeking re-election to the Waikouaiti Coast Community Board. He has been a Board Member since 1998 and is currently the Board

Chairman.

The Waikouaiti Coast electorate covers a wide area and Alasdair has a comprehensive knowledge of the issues which affect the residents of Waikouaiti, Merton, Karitane, Seacliff, Warrington, Evansdale, Waitati and the surrounding rural areas.

An articulate communicator, Alasdair offers electors sound common sense and experience in dealing with all levels of local and central government.

He is available, approachable and effective in resolving issues which are a concern to individuals or to the community at large. A Marine Engineer by profession Alasdair operates his own consultancy business, thus giving him the flexibility to ensure that prompt and comprehensive attention can be paid to all issues as they arise.

Geraldine TAIT

My principal place of residence is in the Waikouaiti Coast Community Board area.

I live in Warrington and work as the Coordinator for Senior-Link, day activity centre in South Dunedin. I have a long history as a local community advocate on issues such as rubbish

and recycling, water supply, recreational facilities, roads, walking and cycling safety, bus services, beaches and reserves, and protection and enhancement of our local biodiversity. I have been part of your local Community Board team for many years, it's not a glamorous or exciting role but we aim to be an effective conduit between you, our communities, and the Council. What is important to me? Protecting and improving our quality of life through the provision of good basic services, taking care of our environment, and fostering a caring community. I would like to carry on dedicating my energy and enthusiasm for tackling local issues, by continuing to serve on the Waikouaiti Coast Community Board for the next three years.

Independent

My principal place of residence is in the West Harbour Community Board area.

I'm an ecologist with a passion for public engagement and education through art and science. Inspiring young people from all walks of life and protecting our local environment gets me

out of bed in the morning.

Born and raised in Central Otago, I first came to Dunedin for my BSc and then PhD in Botany on plants in tough environments, including the saltmeadows at Aramoana. I then held several research positions in the UK and Australia working on climate change impacts on the natural environment before returning and settling in West Harbour. I live in Careys Bay with my husband, two dogs and four chickens. I love knitting, dyeing yarn, native moths and plants.

I'm passionate about fairness, evidence-based governance, and representation.

Duncan EDDY

My principal place of residence is in the West Harbour Community Board area.

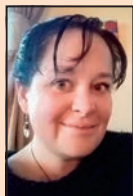

The best part of this role is community advocacy. It's been a real pleasure helping people out with a wide range of projects and issues all around West Harbour. That includes Sawyers Bay bus

shelters, St Leonards toilets, Ravensbourne steps, Port Chalmers cigarette butt bins, Long Beach Domain, ongoing rural road issues, and a lot of conservation work and beach clean ups. I've consistently spoken up for heritage, environment, and mainly just trying to give people a fair go.

I actively back volunteers, Port Chalmers Pool, Library, and Museum, and all the local community associations, from Ravensbourne, to Aramoana, and out to Purakaunui.

The most pressing local government issue facing West Harbour right now is climate resilience. Our low lying, coastal, and exposed settlements are particularly vulnerable to wild weather. DCC and ORC need to seriously pick up the pace on climate change mitigation and adaptation.

Kristina GOLDSMITH

My principal place of residence is in the West Harbour Community Board area.

Kia-ora,

My name is Kristina Goldsmith and it would be my pleasure to represent you on the West Harbour Community Board. It has been 19 years

since my husband Jonny persuaded me to start our family here. In that, time the community has embraced me and my family and I and have come to feel a great connection to this place and the people that live here.

I have been serving you on the Community Board since September last year and in that time I have been out engaging with the community and getting to know the details of how the board works. Through my 17 years involvement with Playcentre I have developed a passion for early childhood education and I feel I am now on a firm footing to allow me to accomplish my goal of keeping the West Harbour a great place live and to raise our tamariki.

Jarrod HODSON

My principal place of residence is in the West Harbour Community Board area.

My family have lived in Ravensbourne since 1995. I maintain a strong and active connection to the community I live in.

I'm the coordinator of Ravensbourne Community

Group Incorporated (RCGI), and founded the Ravensbourne Dunedin Facebook page. My RCGI work has involved a lot of advocacy seeking improvements in the condition of local walkways, road safety, maintenance of grass verges and banks, and pursuing concerns about Ravensdown's operations. With the experience I have had so far working on local issues, I can offer experience, as well as a supportive and positive local voice.

My goal is to provide solid advocacy for the West Harbour area, and pursue adequate infrastructure for sustainable local growth and community well being.

I'm an approachable friendly team player, community minded, and a good listener who will do what I can to ensure people's voices are heard

Veronica JACKMAN

My principal place of residence is in the West Harbour Community Board area. I am also standing for Councillor.

I'm excited to have this opportunity to be a representative in the community, because I'm a people's person and really like being around the

locals.

I have done many jobs in my 35 years of marriage, a lot of care giving, and recently became a fully trained Chaplin.

Since moving to this area, I've had a number of jobs that I really enjoyed. One was working at the local NPD station, a real community hub. Another was working at Holy Cow, that was brilliant. I learnt to milk cows and loved working on the land. I'm involved in a few community groups and will continue I hope and I'm strongly in favour of local activities eg: monthly market days.

Overspending on unnecessary community projects has motivated me to put myself forward, to become a West Harbour Community Board Member.

Please feel free to contact me.

Jodyanne KIRKWOOD

My principal place of residence is in the West Harbour Community Board area.

I have lived in the West Harbour for most of my life and I am passionate about its people, places and communities. I grew up in Koputai/Port Chalmers and now live in Sawyers Bay with my

husband and two children. I currently work part-time as a Professor at Otago Polytechnic where I am involved in teaching, research and leadership.

I have always been active in voluntary community service in the West Harbour and Dunedin. I was a long-time volunteer with the St Francis of Assisi Vet clinic which formerly operated in Port Chalmers, as well as being Chair of Koputai Kids After School programme for a number of years. I am currently a parent representative on the Board of Trustees at Dunedin North Intermediate (ending September 2022), and a volunteer Trustee of the Dunedin Trade Aid shop. I can offer governance experience, commitment and enthusiasm to the role if elected.

Ange MCERLANE

My principal place of residence is in the West Harbour Community Board area.

I've enjoyed the lifestyle of West Harbour about 25 years! My experience in Local Government, tourism, and health, gives me the knowledge and skills for effective governance of this community.

As an elected member of the West Harbour Community Board, I work on local issues - infrastructure; roading, public transport, the completion of the Shared Path which is very exciting, our Library, pool, and advocate for and promote community organisations and local business.

As editor of the Rothesay News I bring news, information and 'What's on', so we can all share our vibrant, unique West Harbour lifestyle.

I work for Te Whatu Ora - Health New Zealand, as the Official Information Act Advisor, am Chair of Vision Port Chalmers, a member of the Port Chalmers & District Lions Club and the WH Emergency Management Response Group.

I would love the opportunity to continue to represent our West Harbour community.

Chelsea MCGAW

My principal place of residence is not in the West Harbour Community Board area.

I was born and raised in Ōtepoti/Dunedin and Murihiku/Southland, and spent my 20s in Ōtautahi/Christchurch, where I studied Environmental Science and Communication,

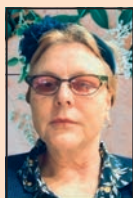

before returning to Dunedin. I am currently completing my Masters in Applied Management.

I am a mum of two girls, and we frequent the wonderful coast and wild areas of West Harbour, and love its diverse wildlife and environment, along with the friendly people and community spirit.

I have spent eight years working for DCC in its Three Waters team and have broad experience in planning, regulation and policy, and people and project management. I now work for an e-NGO as a conservation manager across Otago/Southland.

I am passionate about strong, healthy, resilient communities, and the power that local voices can have. I am approachable and bubbly, keen for a good yarn, and open to new perspectives and healthy constructive debate.

My principal place of residence is in the West Harbour Community Board area.

My family has lived in the West Harbour area since the 1860's - I haven't shifted very far. I whakapapa to Kai Tahu, Kati Mamoe and Waitaha.

We have had a hard couple of years with Covid. I am enthusiastic about boosting a Port Village concept, by fostering community connections and supporting projects that showcase Port as a vibrant destination known for its ecology, natural beauty, colourful arts and food. We have a unique community here and I want to see that identity strengthened. Water quality is important to me as sometimes turning on the tap has surprising results! Supporting housing affordability in the area is important, so we keep attracting families and retaining our elderly in the community. I want to make sure the DCC's plan of Doughnut Economics works for Port Chalmers and that the community has every chance to feed back about changes that affect this community.

Mel ORCHARD

My principal place of residence is in the West Harbour Community Board area.

I have over 18 years' experience in voluntary advocacy and governance roles, including regional union delegate, the OU Childcare Association and Dietitians NZ Southern Branch. I

have an inclusive, cooperative mindset, demonstrated by my healthcare career and community involvement. Originally from Ōtautahi/Christchurch, Koputai/West Harbour has been my home for the past 15 years. I am a mother of two and I work at Te Whatu Ora Southern as an application administrator. I'm running to be a voice for the people of West Harbour, representing your interests in council and the district. I will be an effective advocate for local issues such as shared pathway safety, our community response to climate change and proposed community facilities like the dog park. If elected I want to ensure the social, economic, cultural and environmental wellbeing of the West Harbour community is central to all we do and where people want to live in Ōtepoti.

Marian POOLE

My principal place of residence is in the West Harbour Community Board area.

Marian has lived on the West Harbour shoreline now for some 50 years. During that time she and her family have enjoyed the locality's many attributes. Marian's strong advocacy for retaining those values include working with the Save Aramoana Campaign; then, as Chair of the Deborah Bay residence Association, exploring the impact of harbour hatcheries and a proposal to reclaim land for a car park. Marian continues to advocate strongly for the local natural, social and cultural environment. Being able to serve on the West Harbour Community Board, particularly during these difficult times, presents an opportunity to put such thoughts into action. Nga mihi

I'm standing for a second term to be an ear and a voice for West Harbour residents. I am approachable, a good listener and enjoy the teamwork involved in representing my community in local government. I chair the WH Community Response Group and co-organized the WH Community Awards of 2021. I work full time as a tradie and I am an artist and mum to two teens. This term will see the completion of the shared path to Port Chalmers and the resumption of tourism. Exciting times ahead, lots to plan. You and your community group can get involved. Get in touch, we're here to listen and we'd love to meet you at our Public Forums. Nga mihi.

My name is Wayne Sefton often called Blackdog. I am of pensioner age but still work 7 days a week. I am happily married with six grown up wonderful children and three lovely

grandchildren. I have served Port Chalmers as the Publican of Mackies Hotel for the past nearly 37 years - more than half my lifetime! I would like to try putting something else back into the community which has served my family so well and for so long. I look forward to the exciting times ahead with the cycleway and cruise ships returning. Go the West Harbour!

Steve TAYLOR

My principal place of residence is in the West Harbour Community Board area.

Kia ora. I'm Steve Taylor and I support cycle trails and accountability in decision making.

I love living in the West Harbour community and have done for the last seven years. I'm married to

Lynne and we have two young adult daughters.

I've been an orchardist, educator and church minister. I've worked across multiple cultures, which has shaped my commitments to working with people across the community and the building of partnerships with others.

I'm a great listener with a passion for good process and wise decisions. I seek consensus and will stand for the underdog.

Wherever I go, I am committed to leaving the place better than I found it; hence I'm standing for Community Board.

If you entrust me with your vote, I'll bring the best of my good humour, attention to detail, experience, and commitment to represent local people and local voices with energy and enthusiasm.

My principal place of residence is in the West Harbour Community Board area.

I am a 5th generation West Harbour resident and am proud to be part of our wonderful community.

I enjoy living in St Leonards and being part of the communities of St Leonards Playcentre, St Leonards School, Koputai Childcare and Harbour Hawks R.F.C.

I have qualifications in art and education, work in the art & hospitality fields and enjoy outdoor activities, especially trail running and orienteering.

I am working towards a cleaner West Harbour and have organised and lead community clean ups on the West Harbour Walkway, Back Beach, Portsmouth Drive and St Kilda Beach. I have taken up Plogging - picking up rubbish while I run and have successfully campaigned the council to provide more rubbish bins on the West Harbour Walkway.

I would like the opportunity to promote and enhance the West Harbour District for the good of the local community.

Anita ZAINHEY

My principal place of residence is in the West Harbour Community Board area.

I am Anita Zainey. I have resided in Sawyers Bay West Harbour, for 8 years with my family.

Over the years I have been a volunteering member of Matthews Track working group,

restoring biodiversity and habitat restoration, and also volunteering with the Salmon Hatchery Trust.

My experiences have always been based on working with people and building relationships. With a background in hospitality and tourism, to horticulture, and supportive community work.

I am standing to represent the West Harbour Community board. We have such a outstanding and unique environment to live, work, play and enjoy. We have a very proud history ,arts and cultural heritage

If given the opportunity I believe through clear, people-based consultation we can build towards a more sustainable, and inclusive community for everyones future.

My principal place of residence is in the Dunedin Constituency area.

Born and bred here, I have always called Dunedin and Otago home. I grew up on a sheep and beef farm in inland Otago, have lived in Dunedin City and now reside on the outskirts of Dunedin,

which I believe gives me an understanding of the needs of both town and country.

Having worked professionally in the agriculture sector for the past 22 years, I am very passionate about our great region, what it has to offer and protecting the region's future.

I aim to be a strong voice and advocate for the community with openness and transparency. I am passionate and dedicated to protecting our environment and our water ways which are key to our way of life.

Having spent my childhood swimming, fishing and hunting, I want to ensure these great resources are protected, so my children and future generations can enjoy them.

Malcolm BUDD

My principal place of residence is in the Dunedin Constituency area.

Malcolm Budd, retired, Otago Regional Council candidate.

My strengths are in public transport. I want to see a user-friendly service and system people can

trust.

I have 47 years in the transport industry. Previous employment includes enforcement officer with the Ministry of Transport, and 17 years with Ritchie's Coachlines as Dunedin Regional Manager and National Business Development Manager. I have also owned and operated a bus and coach business.

I'm currently Chairman of the Otago Automobile Association District Council and National Councillor, representing its members. I am a board member of Students Against Dangerous Driving (SADD), and a past Chairman of the Bus and Coach Association Otago/ Southland Branch.

With my experience and understanding of the public transport system and keen interest in Local Government and Otago's water, land, and air resources, I feel I have the right attributes and ability to represent the Otago communities and make a difference.

My principal place of residence is in the Dunedin Constituency area.

The well-being of our people and the natural world go hand in hand. A vote for me is a vote for transport, water quality, and action on climate change. Ecological collapse is upon us with flooding, droughts, wildfires and heat waves across New Zealand and the world. Fish wash up on our shores and birds fall from the sky in India's heat waves. What we choose to do in the next few years will dictate the future of humanity. Thankfully, we can improve our quality of life and restore our ecosystems at the same time. I stand for improved and free public transport resulting in lower emissions, safer roads, and reduced congestion. As a councillor, I will stand up for water quality and support regenerative land care practices to reduce fertiliser use, increase farm profits, sequester carbon, restore the soil, and heal our precious water ways.

Ross DAVIES

Climate - Buses - Water - Air

My principal place of residence is in the Dunedin Constituency area.

For more about me and why I'm standing, see @RossDavies4Otago (Facebook).

Climate - change is upon us and the Otago Regional Council (ORC) should ensure reduced emissions and accelerate adaptation to the impacts of climate change.

Buses - Dunedin's bus system needs to be better. Questions need asking, and improvements are necessary.

Water, land and air - The ORC is re-setting critical rules to protect Otago's water, land, and air. These need to be sustainable, enforceable, and provide a healthy environment.

The partnership with manawhenua needs to progress to sitting at the Council table.

I have 18 years local government experience in Dunedin as a Borough Councillor and a Community Board member and I understand the difference between governance and management.

I will listen to staff and Councillors, to you and to myself. I will strive to do the best things, whether popular or not.

Hello, I have a background as an industrial electrician (15yrs) and as a professional/volunteer fire fighter (15yrs). I'm standing for council as I am concerned by the expansion and overreach of bureaucracy. I'm offering a no nonsense, pragmatic resolution approach. I support sustainable environmental practices but I believe the current hedonistic rush to net carbon zero, while major world polluters persist, is economic suicide. Bureaucratic overreach by Central and Local government needs to be addressed, including respecting the Bill of Rights. The proposed Three Waters reform is a travesty that should be rejected. These and many other issues require serious consideration. As a Karitane resident I have co-led a successful public campaign to get NZ Post to reverse their proposed service reduction. I hope to utilise my skills, experience and community involvement to effectively represent the voice of the people. Thank you. Geoff Lyell.

Tim MEPHAM

My principal place of residence is in the Dunedin Constituency area.

I am a Chartered Accountant, Chartered Fellow of the Institute of Directors and an experienced community and business leader in Otago. I am the Chair of Presbyterian Support Otago, a

trustee of the Yellow-Eyed Penguin Trust and a Director of City Forests.

I have been a Fish and Game member for many years, fishing in the rivers and lakes in Otago and unfortunately witnessing the degradation of several of our freshwater systems. We have an important responsibility to care for our environment and its resources for our children, grandchildren, and each other. We must be active kaitiaki of this land.

If elected, I will focus on exploring opportunities to increase the storage capacity of existing dams and reservoirs in Otago, and to maintain reliable water supply and sustainable minimum water flows to deliver healthy rivers.

Otago is a treasure I want to help protect.

Kā mihi nui ki a koutou.

After six years at ORC, I am standing for council again. I've proven to be a steady hand throughout a challenging few years and want to see the things through that I've been part of

developing. We are on the cusp of delivering important work that will benefit Otago's natural environment and the people who live here, and I want to keep ORC on task and on track.

Otago is a special place. I feel a sense of connection to the environment and respect iwi values for how natural resources should be managed - caring for our natural resources is fundamental to human existence.

It is a privilege to represent the community and with my combined rural and urban background (farming and 18 years as a DCC councillor), I am well placed to continue my balanced leadership to look after the features that make Otago such a great place to live.

Asking the right questions is the way to seek the desired answers from a community. As I am a connector of people, I see my role at Otago Regional Council (ORC) to ask the pertinent questions of the Otago community, so Councillors have the information to make the best decisions possible.

I am particularly focused on accentuating the connection between mana whenua and the ORC to continue progress in achieving collaborative outcomes. Having spent much of my career as an educator of Te Reo Māori and connector of Mātauranga Māori (knowledge) and Tikanga Māori, I bring to the Council a specialised perspective with genuine understanding, for both Māori and Pākehā. However, any solution must work for the betterment of all members of the Otago community.

In addition, I am interested in asking questions concerning financial goals and outcomes, and supporting the ORC, for example, in the spending of ratepayers money.

Our environment, is the heart of Otago.
Our diversity: our strength. Our environment: our common heart.

I'm a multigenerational Otago person with a young family. I've worked as an aquatic scientist, community facilitator, and commissioner. Governance roles include: Otago Regional Councillor (2004-today), sport, community grants and catchment groups.

My balance of technical and community understanding will drive environmental, and quality of life, outcomes. I will stand up for your values.

Otago's a fantastic region, but we're facing environmental-health impacts in our daily lives. Enhancing our biodiversity, public transport, waterways, air, productive land, climate and wellbeing requires action right now.

ORC needs a constructive team focused on real action as an environmental custodian. Not delay, and conflict.

Great things are never done alone, they are done together. Your representatives need to work professionally and constructively, and care about our environment and communities.

I respectfully seek your support.

(B.Eng, MBA). My priorities in seeking re-election are to enhance the health of our waterways, sound governance and environmental stewardship.

During the past term, I was co-chair of the ORC Implementation Committee and involved in establishing the Otago Catchments Community; a regional group dedicated to improving the water quality of our rivers. I also supported ORC policy improvements for water and sustainability, along with promoting the urgent development of a new and comprehensive Land and Water Regional Plan, in consultation with community and iwi. My other priorities include climate change, biodiversity, transportation, electric buses, air quality, urban design and an agreed plan for South Dunedin.

I am an Engineer, Project Manager, accredited Resource Management commissioner, budding author, member of the NZ Alpine Club and former chair of George St Normal School. I was born in Otago and raised my family here. I am passionate about sustainability issues and Otago's future.

Slime the Nitrate Monster

My principal place of residence is in the Dunedin Constituency area.

I'm Slime the Nitrate Monster who's been oozing my influence through Otago for years. I'm now ready to rule the regional council. Synthetic nitrogen fertilizer is my power. Slime is your

reward.

I stand for green-washed deserts of grass from mountain peaks to ocean shores. Drain the rivers! Choke the kōura and wai māori. Stop complaining about the Manuherikia. Whatever! As Slime the Nitrate Monster, I stand for more cow urine, cancerous drinking water, and money at all costs. More milk powder!

Children don't deserve to swim in rivers. They have swimming pools! Water is for grass. Grass is for cows. Cows are for urine and slime.

I applaud the Otago ratepayers who subsidize the dairy industry to expand my domination. I'm also thankful to Ravensdown and Ballance, the sources of my slimy power.

If a river gets to the sea with water in it, that's a waste! Vote Slime!

The ORC needs effective relationships between councillors, staff, mana whenua, and the community. It must champion Papatūānuku and the natural environment, and look after Otago's

people in the face of climate change.

A twenty-five year career in early childhood education means I understand the importance of protecting Otago's environment for future generations. As a keen tramper, I appreciate the fragile beauty of our rivers and landscapes. Our children deserve a future where they can swim in the rivers, where towns and transport are organised to promote sustainable lifestyles, and where land is nurtured through sensitive planning and farming practice.

I bring skills and experience in working constructively with a wide variety of people and reaching agreement that leads to action. I have been chair of community housing provider Abbeyfield Dunedin for ten years and have a good knowledge of our region through working with Playcentres right across Otago.

Bill SOUTHWORTH

Labour

My principal place of residence is in the Dunedin Constituency area.

The Otago Regional Council's core duty is to protect our natural resources. Could it do a better job? I strongly think so.

Intensive dairying has degraded our rivers.

Dunedin has the second worst air quality of any city. South

Dunedin needs better flood protection.

Our buses need incentives to get passengers on them - such as free fares for children, students and community card holders.

To deal to these problems it needs councillors who will change the way things are managed, ensuring debates are civilised and constructive.

A vote for me will be a vote for someone who gets things done. I initiated Labour's inquiry into supermarket prices and its dental assistance for people on low incomes.

I have run a successful business and been a community chair and organiser. After a long career in print and broadcast journalism, I was Executive Director of the New Zealand Journalists Training Organisation.

If elected as your councillor, I will advocate passionately for Otago's land, water, and people. As a postgraduate ecology student at Otago University, I will provide a young, fresh, energetic

voice on council. I will use my science background to make critically informed decisions on issues facing our region.

I have worked for Critic Te Ārohi, Otago's student magazine, for two years. Reporting on the Otago Regional Council made me realise that council needs a culture shift. We need to seriously improve the health of our rivers, bring forward air quality work, upgrade public transport, and implement climate change adaptations.

I have been involved in conservation projects across Dunedin, and am emphatic about protecting Papatūānuku and our land for now and the future.

This is a critical time for the region, and there's a lot of work ahead, but I'm excited about what we can achieve.

Otago Regional Council Molyneux Constituency Electing 2 Regional Councillors

Carmen Felicity HOPE (nee Knowler)

My principal place of residence is in the Molyneux Constituency area.

Carmen is a qualified drain-layer with water quality and quantity knowledge, and farms with her husband Alistair and two children in the hinterland of Middelmarsh at Roadesende

Station, 25km in the hinterland of Middelmarsh. Practical, sensible, enthusiastic, caring and resilient, she has the skills and knowledge applicable to urban and rural communities, and she is committed to being engaged and connected with the Otago Region. Carmen is a tireless and energetic worker and has six years' experience on the Otago Regional Council. She is an attentive listener, a focused public speaker and is familiar with good governance and the development of policy in partnership with communities. As a Winston Churchill Fellow, and while employed by the Dunedin City Council as a drainage investigator, she researched drainage practices in rural and urban areas of Britain, USA and Singapore, gaining knowledge which is relevant to the current and future Otago Water Plan.

Lloyd MCCALL

My principal place of residence is in the Molyneux Constituency area.

Otago is my home. A quality environment should be the inheritance of our grandchildren.

With a make-it-happen attitude and diverse skills, I can achieve outcomes for both our environment and quality of life.

Over the past decade I have led the establishment of multiple award-winning local Catchment Projects. Initiatives like the Pomahaka Catchment Project deliver real outcomes on the strength of community.

Professionally I have worked in farm management, banking, and business mentoring. My governance experience is as a Clutha District Councillor, West Otago Health Trustee and company director.

Climate change, biodiversity, wilding pines, pests, transport, and urban development are immediate challenges that need a functional council.

Our communities will prosper if we work together for the right outcomes. Ground-up approaches, backed by science gives ownership, responsibility, and enduring solutions.

I offer proven team ethos, communication skills and a get-it-done attitude.

I respectfully seek your support.

Kate WILSON

We live in a wonderful place and the role of the regional council is to maintain this environment for us now and for the future.

The best way to do that is to acknowledge and resource the people and communities who are already doing great work. We need to listen to communities' ambitions and enable them to do the right thing. Whether it be coastal erosion, wilding pines, pests, water supply and quality, transport or flood issues, we need to work together at all levels to maintain and enhance the environment.

The best results come from being in the field, working at community level, listening, educating, assisting and engaging local enthusiasm to create catchment scale plans that work up to regional plans.

I have worked successfully at many levels of community development to bring positive change, and I would welcome the opportunity to work for you again on the ORC.

Oamaru Licensing Trust

Electing 5 Trust Members

Brent James BAILLIE

My principal place of residence is in the Oamaru Licensing Trust area.

The key reasons that I am stepping up as a candidate to serve on the OLT is my passion for business and effective leadership. I am a firm believer in progress and the commitment of

business units to deliver the best possible outcome to shareholders and employees alike.

As the General Manager of Rainbow Confectionery for the last 9 years, I take a great pride in supporting our local community while operating a very intense manufacturing and sales focused business that supports the livelihood of around 140 employees at peak periods throughout the year.

What I will bring to this role is an unwavering commitment to challenge the norm.

I have a sound knowledge of financial reporting and budgeting, and the preparation and delivery of performance management.

I can analyse information and data to assess trends to enable a business to check & adjust in real time.

Peter James BOND

My principal place of residence is in the Oamaru Licensing Trust area.

My name is Peter James Bond and I have been resident in Oamaru since 1982. I am married with three adult children. I was Registrar/Manager of the Oamaru District Court from 1982 until 2013

when the court ceased to be fulltime and changed to a hearing centre serviced from Timaru. Since that date I have been involved in Community work with Citizens Advice Bureau, as a JP and as member of the Oamaru Lions Club. In 2014 I was elected to the Oamaru Licensing Trust and I have contributed along with the board members, staff and management to an improved financial position and upgrade of Brydone hotel. I seek to continue this work by ensuring the Oamaru Licensing Trust as a Community asset contributes by providing work, accommodation and services to both locals and visitors.

Oamaru Licensing Trust

Electing 5 Trust Members

John BRINGANS

My principal place of residence is in the Oamaru Licensing Trust area.

My name is John Bringans and I am married to Sandra and we have 2 grown up children and 1 grandchild.

I am born and bred in Oamaru.

I have been a business owner for the last 24 years.

I am a Volunteer Fire Fighter and have been for the past 15 years.

I have been a Board member on both Primary and Secondary school boards. I feel that as I am a practical Community orientated person and I would be a benefit to the Oamaru Licensing Trust in moving forward in these changing times.

Ali BROSANAN

My principal place of residence is in the Oamaru Licensing Trust area.

I have been involved with Oamaru Licensing Trust for 7 terms as a Trustee; 5 as Chairman.

This last term we continued to upgrade and maintain our assets. Covid has slowed progress

and like every hospitality business it has been affected.

If re-elected I will do my best to continue rebuilding this prime asset for the benefit of the owners, the local Trust community, and to drive the recovery from the effects of Covid.

My mission is to continue developing the Trust's facilities, to be professional in service and performance and thereby providing returns to the public of Oamaru, the owners of the Trust.

John CLEMENTS

My principal place of residence is in the Oamaru Licensing Trust area.

I am happy to accept being nominated to the Oamaru Licensing Trust. My experience includes running my own business for 25 years and serving on the Waitaki power Trust for six years, currently

as Chairman.

Coming from a Trust structure with the Waitaki Power Trust, gives me the knowledge and where-with-all to contribute to the Oamaru Licensing Trust and the wider Oamaru community.

The effects of Covid-19 continue to present challenges in the hospitality industry. Looking at new ideas and applying difference strategies could be the way forward.

Thank you for your vote

Oamaru Licensing Trust

Electing 5 Trust Members

Denise MCMILLAN

My principal place of residence is in the Oamaru Licensing Trust area.

If re-elected this would be my fourth term as an OLT Trustee. This last term has been the most challenging for hospitality and accommodation but with the borders now open our future looks

promising.

My goal for the next three years is to see the continued refurbishment of the Brydone Hotel as well as maintaining the Northstar, Sports Central Brew House and Oamaru Liquorland to a standard our community is proud of. These facilities are community owned and the profit from the operations is returned back to the Community. While covid has impacted the businesses, the Board are committed to see through the improvements and I would like the opportunity to continue this work.
