

Important Information

If your enquiry impacts out infrastructure you will need to obtain our approval to carry out work close to our assets.

Please refer to the information and our requirements on our website
<https://www.genesisenergy.co.nz/assets/requirements>

Our website includes details you will need to know like;

- How to request as-built plans;
- Who you can discuss your application with;
- What our requirements are for working close to our assets;
- How to obtain our approval and;
- Our standard application form to complete.

You **MUST NOT** carry out any work until you have obtained our written approval. This information does not constitute our approval.

Please note the location of our assets shown on the attached plans are indicative only and do not represent their exact location. Please complete our online application from the address above for further information.
