Dear Elizabeth,

Thank you for your email of earlier today advising us that a response to your email of 7 September 2015 asking for information about Harbourside was overdue.

Please accept my apologies for the lack of response. The following response was drafted but unfortunately was not sent.

"Thank you for your email of 7 September 2015 requesting information about "Urban Design and Envisioning Dunedin Harbourside."

Your request has been considered under the provisions of the Local Government Official Information and Meetings Act 1987 (LGOIMA) and the following response is provided.

As currently worded it would take significantly in excess of three hours to complete a response. As you are aware the DCC provides three hours free of charge but time spent in excess of three hours would incur a fee under our charging policy. [DCC Charging-for-LGOIMA](#)

Please refine your request - It would be helpful if you would specify a date range for the information and refine the subject matter of your request."

I look forward to receiving your response.

Kind regards,

Grace Ockwell

- DCC media release (27.8.15) [Building stronger local government connections with China](#)
- Indications are that DCC wants Otago Rowing Club to relocate from their premises to a site of the DCC's choosing.

I wish to formally request ALL reports and visionary/guiding documents and or statements/statements of proposal or intent that are currently being used by Dunedin City Council in consultation with other parties (real and potential - local, national and international)

be they:

focus groups, steering groups, working parties, development partners, surveyors, designers/architects, resource management specialists, investors, project facilitators, project managers, University of Otago, Otago Polytechnic, Otago Chamber of Commerce and or other - to 'shape and envision' the future development of **Dunedin Harbourside** in the urban area that extends from:

Otago Boat Harbour and its vicinity (includes Industrial 1 zone, Stadium zone, Port 2 zone) to the area zoned for mixed use south of Dunedin's Steamer Basin (Harbourside zone) and further south to Portsmouth Drive (Industrial 1 zone); including connections to existing precincts TH12, TH13, TH05, TH04, TH03 and TH02.

Any corresponding information and explanation that derives from the, to be publicly notified (this month?), **second generation plan (2GP)** for these city blocks and foreshore area is also requested.

I look forward to prompt receipt of all available information in electronic format.

Regards

Elizabeth Kerr
