Dear Diane

Thanks for your request and for helpfully providing the timestamp on the video.

I have reviewed the video and can confirm that the DCC has made no financial contributions of any kind with regards to the matter of the provision of public health services. I checked with the Mayor and his comment that “we’re paying” meant the wider community was paying by way of taxes and time, rather than the DCC paying in any way. He acknowledged that he could have been clearer in making the point.

The only costs we have incurred re the hospital relate to the Hospital SOS campaign and I provide updated figures below for your information.

We had previously advised (28 March 2017) that the Dunedin Hospital SOS Campaign had cost **\$7102 (excl GST).**

Updated as follows:

- What is the cost of the DCC Dunedin Hospital SOS campaign at ODT Online ?
 - \$50
- Where else (through which other commercial media) is the campaign featured, and at what cost ? Please itemise.
 - Through Facebook
- What is the DCC's total marketing budget for the campaign ?
 - No specific budget has been determined at this point
- From which council budgets is the campaign cost being met ?
 - Council Communications and Marketing
- What are the other costs to DCC for this campaign not already publicly declared through LGOIMA ?
 - \$42 – for printing posters (300)
 - \$50 – ODT online advertisements (from Communications and Marketing budget)
 - \$70 – printing hardcopy feedback forms
 - \$540 – Facebook videos
 - \$685 – reprint of SOS flier
 - \$1890 – temp staff to backfill COMS team who have been assisting with written material for the campaign
 - **\$3277 Total (excl GST)**

This brings total costs as of 10 April to **\$10,379 (excl GST)**.

Cheers

Sandy

Subject: Local Government Official Information request - 584724

Diane has submitted a LGOIMA request - 584724.

Below are the details of the request

Request details:

Good, morning, After watching the video of the meeting of the full council held on 21 February, 9107, I note that at 2.20.06 into video, Mayor Cull made the following statement: Mayor Cull: I acknowledge that this is a complicated build ... that's why we're paying a number of consultants rather a lot of money for rather a long time to sort it out ... (ends) Could you please tell me whether the DCC has made any expenditure of any kind in the matter of the provision of public health services by central government, including but not restricted to the siting of the new hospital. If so, could you please tell me the amounts involved and the budgets from which they were paid. Could you also please tell me whether any such ongoing expenditure is planned or already decided on.
