Subject: Cemeteries LGOIMA request

Hi Katrina,

You asked a series of questions regarding the Dunedin City Council's cemeteries. Our answers follow in red text below your questions:

"1. A list of the funeral directors or funeral homes that are registered as able to use the cemetery or cemeteries and crematoriums (if any) operated by your council.

A PDF is attached of all the Funeral Directors/Homes that have used or are still using the Crematorium

2. A list of all registered funerals homes or directors in your catchment area.

Campbell and Sons

Gillions Funeral Services

Hope and Sons

Dignity Funeral Seviles

Anyone with the right paperwork can use the crematorium, it is not exclusive. Doug Nesbits Funeral Directors in Balclutha, DIYers and Invercargill City Council use us as a back- up provider.

3. Details of the funding model that is applied to the cemetery or cemeteries and crematoriums (if any) operated by your council.

The Council operates its services with some user charges, and information about our funding are available in our Long Term Plan. Further details about the funding model for the Cemetery of this are otherwise commercially sensitive and are withheld under section 7(2)(h) of the Local Government Official Information and Meetings Act 1987.

4. Details of plans for the future operation and funding of the cemetery or cemeteries and crematoriums (if any) operated by your council as contained in Long Term Plans published in the past two years.

Please refer to our Long Term Plan which is published on our webpage www.dcc.govt.nz/
We also have information about how we currently operate our services on this webpage: <http://www.dunedin.govt.nz/facilities/cemeteries>

5. Details of proposals for the future operation and funding of the cemetery or cemeteries and crematoriums (if any) operated by your council as contained in Long Term Plans currently being drafted or consulted on, or for which submissions have been called.

Our LTP is currently in preparation we have not yet commenced public consultation.
