Subject: Local Government Official Information Request

Hi Peter,

In response to your request for information:

"Please tell me on what date did any staff member of the DCC or of any company owned by the DCC first become aware that the operators of the Cobb and Co restaurant intend to install police machines in the railway station building."

We advise that the Council staff were aware of this at the time the lease was negotiated. The exact date cannot be determined.

Please note that we are likely to change our process to ensure that in future, no council properties can begin a new lease with pokie machines.

Regards

Kirsty Rusher
