Hi Jamie

In the spreadsheet we sent you there is a premise address that you can send your queries to and in the next column the Business name or owner's name is also supplied. We have also supplied to you the telephone contacts if they exist in our data system. It would take us a while to redo the spreadsheet as the extraction of particular details can be time consuming.

I hope the information we have supplied you is sufficient for your request.

Kind regards

[REDACTED]

Hi Kristy,

Thank you, I really appreciate you taking the time to put this together. One question – in the original request I asked for the postal address and contact name for businesses. Is it possible to have this information added to the information and resupplied?

Thank you,
