Hi Diane,

I should also add to my earlier reply that we checked with the station manager at Channel 39 who advised us that the meetings are broadcast unedited with the following exceptions:

- a. Film of adjournments are removed from the broadcast as the meeting is not in progress;
- b. At request of Council staff (of which there was only one relating to the removal of your comments from the meeting of April 2017 for which you have been given a full explanation);
- c. Where a tape change is required small excerpts of the meeting may be omitted;
- d. If there is a technical issue which has prevented filming.

Regards, KR

Diane has submitted a LGOIMA request - 587714.

Below are the details of the request

Request details:

Good morning, I would like access to the meeting video for the full Council meeting held on 21 February 2017 complete with no cuts or omissions. Putting the video on the Council's You Tube channel in the public domain would satisfy my request.
