Dear Mr Montague,

Cr Whiley advises:

"I haven't had any meetings with anyone in the last 12-months regards Petroleum Exploration and Production Association of NZ. Nor have I met with anyone working in the NZ coal, oil and gas sectors."

Further, apart from receipt of newsletters from Oil Free Otago which he receives as a Councillor (example attached) he does not have any correspondence that fits the criteria specified in your request.

*Please forward to Mayor and City Councillors,*

Dear Mayor Cull and City Councillors,

Please join us at Knox Church's Herron Hall on Thursday 20 July, 7-9pm, for a public talk by **Sarah Roberts**.

Sarah is spokesperson on oil and gas for Taranaki Energy Watch (TEW), a longstanding community group including farmers, teachers, engineers, owners of life style blocks etc. TEW is currently engaged in an appeal to the Environment Court (vs South Taranaki District Council) to **create oil and gas rules that keep people and the environment safe**.

The outcome of this appeal will affect us all. It **will set the bar for safety throughout New Zealand**.

As responsible decision makers in our region all local body office holders have much to learn from the Taranaki experience.

You will be aware that Southland farmland is for the first time included in the government's Block Offer 2017. Sarah will explain the social and legal implications of this Block Offer.

Light refreshments will be available.

Yours sincerely

Rosemary Penwarden for Oil Free Otago

**PS:** Please note release this week of the MBIE policy briefing paper on "special economic zones". Among other things, this will further weaken local democracy. Please join us to discuss how this will affect you.

# What's it like living next to a gas well?

Sarah Roberts from Taranaki will tell us

Join us at Herron Hall, Knox Church  
Thursday 20 July 7-9pm

Southland farmland is up for grabs for oil and gas exploration

What's in store for our neighbours and how can we help?  
What happens when an oil company knocks on your door?  
What can we learn from Taranaki?
