Hi Florence,

We have issued 30 noise related infringements between 01/01/2015 and 11/10/2017.
9 infringements issued in 2017 to date, Ross St Mosgiel has the most with two infringements.
9 Infringements issued in 2016, Stafford St had the most with two infringements.

I think it is important to add as infringements are only issued to offenders who have had several seizures at the same property and have ignored all warnings. We try to deal with them before they get to this stage - as you can see we don't issue many. Infringements are only issued after an informal enforcement process has been followed. When an infringement is issued there will have usually been several seizures (seized equipment/stereos) at the same property within a certain time frame.

Regards,
Kristy Rusher
