Subject: Local Government Official Information and Meetings Act Request 1987.

Dear [REDACTED]

I refer to your request below relating to regional aviation relevant investments and funding.

I advise that Dunedin International Airport has no record of receiving investment or funding from either local or central government.

If you have any questions you are welcome to contact the CEO of Dunedin International Airport, Mr Richard Roberts.

Regards

Request Text

Hello, My name is [REDACTED]
[REDACTED] I hope you are all well and safe.

I am writing to enquire about any regional aviation-relevant investments and funding (subsidies) that the local council granted and supported from 2010–2020. I make this enquiry because I am currently conducting research which investigates the relationship between regional aviation subsidies (investments and funding) and local tourism, economic and social wellbeing.

I would be grateful if you could provide me with the detailed information concerning every regional aviation-relevant (e.g. Dunedin Airport and airlines) investment, grants or subsidies, such as whether the regional airport had received funding and loans from central or local government to maintain their operation, to meet infrastructure requirements, or to upgrade the airfield (e.g. runway) and airport terminal. Other examples might include local government's support to small airlines on underwriting air services to the region, and any investments or funding made to improve the regional air connectivity, etc.

I am particularly interested to know the amount of each investment or grant, the duration of the investment and funding/loans (including announced date and complete date), and a brief description of each investment and funding.

This is not an urgent request. The information will be really helpful for my research. I am looking forward to your reply and thank you in advance for considering my request.

Rebecca Murray
