Dear [REDACTED]

In response to your official information request of 29 November 2019 for copies of all commercial Dunedin City Council public liability insurance policy certificates and certificate of indemnity. Please find attached a copy of a Certificate of Insurance for DCC Public Liability. (For clarification the certificate is for the Dunedin City Council including Olveston. The separate disclosure of Olveston arises from Olveston previously being considered an outside organisation to the DCC and had their own certificate).

Please note the details of the Pollution Exclusion as: *Personal injury or Property Damage, including costs and expenses incurred in the prevention, nullifying or clean up, arising out of the discharge, dispersal, release or escape of pollutants into or on land, the atmosphere or any watercourse or body of water, unless the discharge, dispersal, release or escape is sudden, identifiable, unexpected and unintended from the stand point of the Insured and takes place at a specific time and place.*

Sub-limit of cover is \$2.0 million. The policy has no specific exclusion relating to electromagnetic fields, radio waves, LED lights etc.

In regard to your request for copies of the "certificate of indemnity" from Dunedin City Council that may include the public insurance provider and underwriters, confirming that any injuries, damages or adverse health effects directly or indirectly arising out of, resulting from or contributed to by electromagnetic fields, electromagnetic radiation, electromagnetism, radio waves or noise, wireless RF radiation, microwave radiation, non-ionising radiation emitting devices and equipment."

We advise that here are no certificates of indemnity to provide in regard to this matter.

I hope that this answers your query.

Your sincerely

Lauren McDonald
