Subject: Media request: LGOIMA Waste Management

Hi there,

I am a journalist at BusinessDesk working on a report about the business of waste. As part of this, I would like to request information about your territorial authority's waste management contracts, under the LGOIMA, to help me map out the various waste providers operating in the country, how much public funding they receive, and what they do. I have created a Google form to make it easier for you to answer the request, and for me to collate the answers as I am sending this request to 24 territorial authorities.

Could you please provide me a list of waste management providers contracted by your council over the last five years. Please use [this form](#) for each provider to tell me:

- Date when contract started
- Date when contract ends
- how much funding each entity has received each year for the last five financial years, and how much it is expected to receive in the next five financial years
- A brief description of what the money is for

Council contractors OIA response form

Fill out one of these forms for each waste management contractor the council currently uses or has used at any time since the beginning of the financial year ended in 2019

Please email me or call me if you have any questions about the request, or issues with using the form to respond.

Many thanks,

Cecile
