Local Government Official Information and Meetings Act 1987 (LGOIMA) Request

I refer to your LGOIMA request received 8 November 2023 for information on transport choices and community connect.

We have transferred part of your request to the Otago Regional Council relating to:

2. The number of people eligible for Community Connect in your district, broken down by demographic if possible, and the investment (if any) spent on enabling Community Connect to be realised in your district (i.e. technology changes, policy work, engagement and communications of the scheme) either spent from our council or provided by central Government.

The information requested in Question Two is not held by us but is believed to be more closely connected with the functions of the Otago Regional Council. In these circumstances, we are required by section 12 of the LGOIMA to transfer your request.

You will hear further from the Otago Regional Council concerning that part of your request.

Dunedin City Council will provide a response to Question One of your request.

Subject: LGIOMA request - transport choices & community connect

Kia ora,

Can I please make two requests under the LGIOMA (to be treated separately please), for:

1. A list of projects that were to be funded by Transport Choices, how far along these were (i.e. planning/scoping, or about to begin construction, etc – in whatever way makes sense for you), and how much investment had been put into these projects monetarily (i.e. spending on design, engagement and consultation, etc).
2. The number of people eligible for Community Connect in your district, broken down by demographic if possible, and the investment (if any) spent on enabling Community Connect to be realised in your district (i.e. technology changes, policy work, engagement and communications of the scheme) either spent from our council or provided by central Government.

Thanks so much – feel free to get in touch if you need to refine the scope or if you have any questions!
