---

Kia Ora Lachlan

I refer to your e-mail below and our phone conversation of 5 June 2024.

You advised the you were seeking the number of alcohol outlets per capita for each local board area. In our discussion I advised the Dunedin City Council has 6 Community Boards, which do not cover the whole of the Dunedin City. We agreed that the Council would provide the information by district and also broken down by area.

Please find attached a spread with the information by area. We do not hold the population data for each area and therefore pursuant to section 17 (f) that the information cannot be made available without substantial collation or research you request for the information per capita is declined.

As we have declined to provide some information you are advised that you have the right to seek a review by the Office of the Ombudsman.

If you wish to discuss the information please contact our Alcohol, Psychoactive Drugs and Gambling Advisor, Kevin Mechen.

Kā mihi

**Subject:** LGOIMA: Alcohol Outlets

To Dunedin City Council,

The following request for information is made under the terms of the Local Government Official Information and Meetings Act 1982.

What is the number of alcohol outlets per capita for each local board area?

The information sought in this request is to be used as part of a report by Newstalk ZB into alcohol harm. As the information will be used to ensure a greater understanding of alcohol availability in communities, I ask that any fee is waived.

It is understood elements of the requested information might not be considered public information. If this is the case, I would ask each element is considered separately, described as best it can be and reasons for any information being declined being set against the information sought.

I anticipate receiving the information under the terms of the act, which stipulates a maximum period of 20 business days. Written confirmation of receipt of this request would be appreciated.

If I can be of any assistance, please call me. I would like to receive the information electronically.

Thanks,  
Lachlan Rennie
