Dear Katie

Thank you for your official information request, received on 23 July 2019 for information on all trips taken by the Mayor to China in the past 5 years, including where the Mayor travelled to during the trip, the officials the Mayor met during the trip, how long the trip was, purpose of the trip and who paid for it (Council or other?) and the cost.

Please find attached our response letter and travel information requested.

My apology for the delay in sending this information to you.

Yours sincerely

Lauren McDonald

Dear Katie

Local Government Official Information at Meetings Act 1987 Request

I refer to you re-mail of 23 July 2019 requesting information on the trips the Mayor has taken to China in the last 5 years including where the Mayor has travelled to during the trip, officials the Mayor met during the trip, how long the trip was, the purpose of the trip, who paid for it, and the cost, if paid for by Council.

Please find attached a spread sheet which provides the information you have requested.

It's important to note the benefits that come from Dunedin's close ties with China. Dunedin's Project China efforts lie in promoting a wide range of what our city has to offer, including tourism, food and beverages, technology and education.

An example of this is that about 1000 Chinese international secondary and tertiary students already study in Dunedin each year, which brings obvious economic and cultural benefits to the city. With a total of about 5000 international students coming to Dunedin each year, this vital sector is already worth around \$180 million to the city's economy.

The Mayor's visits to China are an important part of building and strengthening relationships with different Chinese cities. These benefit all involved.

Shanghai has civic partnerships with about 75 cities and regions from around the world. Not all of them get to meet the Shanghai Mayor in person, so the fact Mayor of Dunedin Dave Cull has on several occasions now demonstrates the very high regard in which our city is held. Fostering close relationships at this level plays a crucial role in 'opening doors' for our local businesses and education providers in Chinese markets.

Yours faithfully

Lauren McDonald
