

28 February 2019

[REDACTED]

Dear Sir/Madam

Local Government Official Information and Meeting Act (LGOIMA) request for information on the daily cycle counts on specific cycle paths around Dunedin.

I am writing to you regarding your LGOIMA request received on 30 January 2019, for information on the daily counts from the automatic cycle counters in place on specific cycle paths in Dunedin since they began operation. The daily counts for the Dunedin City Council's fixed cycle counters are attached for your information from 20 February 2014 through to 14 February 2019 and summarised in the table below.

DCC Fixed Cycle Counts

	North Road Cycle Lane	Portsmouth Drive	Victoria Road
20 February to 31 December 2014	54,059	98,241	9,884
1 January to 31 December 2015	4,854	96,297	19,466
1 January to 31 December 2016	76,782	101,596	20,214
1 January to 31 December 2017	10,277	108,894	17,039
1 January to 31 December 2018	68,877	59,103	17,388
1 January to 14 February 2019	10,609	19,066	1,901
* Please be aware that counter recordings can be affected for a number of reasons, including: cycleway upgrade work; battery replacement counters and community events which can result in nil daily recordings or generate a spike in the numbers recorded.			

Please note that the New Zealand Transport Agency (NZTA) have fixed counters on Cumberland Street, Great King Street and the Ravensbourne Cycle path in Dunedin. If you would like data from these counters, please make contact with the NZTA directly.

Yours faithfully

Lauren McDonald
Governance Support Officer
