

25 June 2019

Dear 

**Local Government Official Information and Meetings Act 1987 Request**

I refer to your letter of 27 May 2019 to the Chief Executive Officer. Dr Bidrose has referred your letter to me to respond.

You have requested copies of all documentation provided by the City Council to the West Harbour Community Board, related to the installation of speed humps on Aramoana Road, Te Ngaru.

I advise that the Community Board did not receive any documentation on this matter, as this is an operational matter. The Board was, however, provided regular updates on this matter via the Action list at each meeting. Attached is a copy of the relevant extracts from the Action Lists.

Yours faithfully

Jennifer Lapham  
Governance Support Officer
