DECISION OF THE DUNEDIN DISTRICT LICENSING COMMITTEE

In accordance with section 191(2) of the Sale and Supply of Alcohol Act 2012 this application has been considered under delegated authority.

DECISION

This is an application by General Distributors Limited for the renewal of an alcohol off-licence in respect of their premises situated at 43 Mailer Street, Dunedin, and known as "Countdown Mailer Street".

The applicant sought a variation to include a single, end of aisle shelf facing the rear of the store. Except for the extended shelving, all other conditions will roll over.

The application was duly advertised and no public objection was received. However, the reporting agencies, the Police, Medical Officer of Health and Licensing Inspector, all opposed the extension to the single alcohol area. They believe the end of aisle display was contrary to section 112(1) of the Act in that it did not limit shopper's exposure to alcohol displays and promotions but would increase that exposure.

The applicant, for a variety of reasons, has withdrawn the variation component of the renewal application.

There is a lot of caselaw regarding this matter from the Alcohol Regulatory and Licensing Authority, High Court and Court of Appeal. The circumstance in each case is slightly different which would bring site specific argument but, while it would have been an 'interesting' test for the Committee, we will now consider the renewal alone.

We are satisfied as to the matters to which we must have regard as set out in s.105 of the Act and therefore renew the licence until 17 April 2023, that being the anniversary date of the licence and three years from the most recent date of expiry and authorise the issue of a replacement licence and notice of renewal. The plan submitted showing the original single alcohol area remains current.

INTRODUCTION

- [1] This is an application for the renewal of the off-licence by Green Man Brewery Limited for their premises situated at 9 Grange Street, Dunedin, and known as the "Green Man Brewery".
- [2] The licensee took over the premises in 2015 and was entitled to apply for the off-licence because the Committee believed the principal business carried on at the premises was the manufacture of alcohol (section 32(1)(d) of the Act).
- [3] The application was publicly notified and did not attract any public opposition.
- [4] However, after their visit to the premises during the renewal process, the reporting agencies (Police, Medical Officer of Health and Licensing Inspector) have opposed the renewal of the licence because they believe the business is no longer producing alcohol and therefore should not hold the off-licence.

Mr Xu

- [5] Mr Xu, also known as Maxwell, is the manager at the “Green Man Brewery” and works full time at the premises. He voiced his sincere gratitude for the time and help provided by the agencies during his time at the brewery.
- [6] He said when the owner bought the premises, he looked at importing new brewing equipment with the view to exporting beer to the Chinese market. Unfortunately, there were delays getting the equipment to New Zealand and the contracts he had arranged were subsequently lost.
- [7] The owner tried to find an alternative distributor but was unsuccessful. They tried a ‘Kombucha’ partnership with a local business, but this was also unsuccessful. The owner is still looking for opportunity in overseas markets, including China, while at the same time is marketing the business for sale. However, they are still looking at exporting local product for an overseas market. They would like the licence to be renewed so they could sell the brewery as a going concern.
- [8] When asked by the Committee what percentage of their product was exported compared to the local market, Mr Xu said they only sold beer and kombucha locally but exported more products such as berry products and lollies.
- [9] Mr Xu was asked what the media would be told today when compared to the 2015 Otago Daily Times (ODT) article. He replied that he wasn’t with the brewery when the article was written, and he wouldn’t be the right person to ask. He said the pandemic has also had an impact on the plans for the business.
- [10] The Committee asked about the bottling capability of the brewery because they, the Committee, has been made aware that there is no beer being brewed and, in the evidence, it states that the imported bottling plant doesn’t work so there is no capacity to bottle anything. Mr Xu said he was told the old plant was removed because it didn’t work efficiently. The new equipment was not installed correctly therefore did not work and overseas orders were lost. When asked if the bottling plant worked now, he said that because they have not brewed anything from about the end of 2016 it hasn’t been used. The focus has been on finding new overseas markets.
- [11] The Inspector asked if Mr Xu could tell the Committee how many sales were made in the last week. Mr Xu said there had been no sales.
- [12] When asked, Mr Xu admitted he was not a professional brewer but did work in the brewery. He said they have not produced any beer because they did not have a market for it. The local market is small and very competitive, so the owner is looking for overseas markets. He said he is still marketing local products overseas such as various foods and non-alcoholic drinks such as oat milk. However, they want to find overseas markets so they can export beer.
- [13] Mr Xu was asked about the ability of the premises to start producing beer if the business was sold. He said they would be able to start but the boiler hasn’t been used or tested since 2017. It operates using LPG therefore needs tested to ensure it is safe to use.
- [14] Ms Paterson asked why the beer in the two vats shown during the licensing inspection was not bottled. Mr Xu said there were no customers therefore there was no point. If someone did come in, they could fill a rigger manually, but Mr Xu said the beer was now too old.

- [15] The Police asked about his position at the brewery. Mr Xu said he worked fulltime. He tries to make kombucha when it is warm enough, prepares local product for export and cleans the equipment. The kombucha cannot be made during the winter but this will be started again when the temperatures warm up. The alcohol content of kombucha is 0.5% alcohol by volume (abv) therefore does not attract the excise tax.
- [16] The Committee sought clarification on the excise taxes paid since Mar 2019, Mr Xu said there had been no payments made because there has been no beer made or sold.

Sgt Paulin

- [17] Sgt Paulin is the Police Alcohol Harm Prevention Officer for the Dunedin area. He asked for the application to be struck out because the applicant has admitted there is no alcohol being produced therefore the premises does not meet the criteria to have an off-licence. The Inspector and Medical Officer of Health Delegate agreed with the Police. The reports and evidence of the agencies can be taken as read.
- [18] After a brief adjournment the Committee has agreed that the hearing should be stopped at this point and a decision given now with the formal decision to follow.

DECISION

- [19] The application is opposed because the reporting agencies do not believe the business, a brewery, is producing alcohol and therefore should not have an alcohol off-licence.
- [20] Section 32 of the Act describes the kinds of premises that can be granted an off-licence. Section 32(1)(d) of the Act is relevant in this matter:

“(1) An off-licence may be issued only –

.....

(d) for premises where (in the opinion of the licensing authority or licensing committee concerned) the principal business carried on is the manufacture of alcohol; or...”

- [21] After visiting the premises as part of the relicensing process, the reporting agencies were of the opinion the premises is no longer operating as a brewery and subsequently opposed the renewal of the licence.
- [22] Mr Xu represented the owner of the premises and was very forthcoming with his responses to the questions put to him.
- [23] Mr Xu admitted to the Committee that the premises was not producing beer and had not done so since the end of 2016 or early 2017.
- [24] Unfortunately, by their own admission, the premises is not currently producing alcohol and has not done so for a number of years. The premises is therefore no longer eligible to hold an off-licence so this renewal application must be declined.
- [25] During the hearing Mr Xu explained the owner was still looking for export markets and had listed the premises for sale as a going concern. The cancellation of the licence should not be an impediment to either option. If the premises returns to brewing beer for export only an off-licence would not be required, nor would domestic sales to local, licensed retailers. The off-licence would only be required if the intention is to sell directly to the public.

- [26] If the premises is sold there would be some work required to get the premises operating again. From what we have heard, the equipment would need some work to make it operable and in the case of the boiler, recertified as safe to operate. These matters will take some time, and, with the right advice, a new owner would be encouraged to apply for an off-licence so that it was processed in tandem with getting the brewery functioning again. This is assuming a new owner wanted to sell directly to the public.
- [27] In the matter of the renewal of licence number 069/OFF/17/2015 for "Green Man Brewery", the application is declined.
- [28] The applicant will have 10 working days after the date of the decision in which to lodge an appeal with the Alcohol Regulatory and Licensing Authority if they are dissatisfied with the outcome.
- [29] If there is no appeal lodged, the licence will be cancelled on 27 November 2020, that being after the appeal period has lapsed.

DECISION OF THE DUNEDIN DISTRICT LICENSING COMMITTEE

In accordance with section 191(2) of the Sale and Supply of Alcohol Act 2012 this application has been considered under delegated authority.

 - (ii) again, immediately before the sale of any alcohol is completed; and*
- (b) refuse to sell alcohol to the prospective buyer unless, on both occasions, he or she declares that he or she is 18 years of age or over (and, where a prospective receiver is involved, also declares that the prospective receiver is 18 years of age or over).*

(3) In the case of a telephone order, the procedure is to—

- (a) ask the prospective buyer to declare, orally, that he or she is 18 years of age or over (and, where a prospective receiver is involved, that the prospective receiver is also 18 years of age or over)—*

 - (ii) again, immediately before the conversation is completed; and*
- (a) refuse to sell alcohol to the prospective buyer unless, on both occasions, he or she declares that he or she is 18 years of age or over (and, where a prospective receiver is involved, also declares that the prospective receiver is 18 years of age or over).*

(4) In the case of an order made on a physical order form, the procedure is to—

DECISION OF THE DUNEDIN DISTRICT LICENSING COMMITTEE

In accordance with section 191(2) of the Sale and Supply of Alcohol Act 2012 this application has been considered under delegated authority.

DECISION

This is an application by Stem Bottle Shop Limited for an off-licence, endorsed as a remote seller, in respect of premises situated at 745 Brighton Road, Brighton, and known as the "Stem Bottle Shop".

The application is in respect of premises in which the sale of alcohol would be an appropriate complement to the kind of goods sold from the premises.

The application was duly advertised and no objection or notice of desire to be heard has been received. Accordingly, we deal with the matter on the papers.

The premises is a remote seller who also prepares and delivers food in the area. It was noted on the website for the food business that 'pick ups' were allowed from the address however this is not allowed with a remote seller's licence. Clarification was sought from the applicant who made an assurance that this would not be happening with alcohol.

With that assurance we are satisfied as to the matters to which we must have regard as set out in s.105 of the Act and we grant the applicant an off-licence authorising the sale and supply of alcohol for consumption on the premises, to any person who is present on the premises.

Although sales are made remotely, the licensee must ensure a certified manager is appointed to the business at all times.

Remote sellers have different requirements to other premises. The first is a response to the fact the buyer is not confronted at the time of purchase and to this end, regulation 14 of the Sale and Supply of Alcohol Regulations 2013 details the requirements imposed on licensees to ensure prohibited people do not purchase alcohol. DECISION OF THE DUNEDIN DISTRICT LICENSING COMMITTEE

In accordance with section 191(2) of the Sale and Supply of Alcohol Act 2012 this application has been considered under delegated authority.

DECISION

This is an application by 1908 Café Portobello Limited for the renewal of an alcohol on-licence in respect of their premises situated at 7 Harington Point Road, Portobello, and known as the "1908 Café".

The reporting agencies (Police, Medical Officer of Health and Licensing Inspector) have not raised any matters of concern. However, it is pointed out by the Inspector that the end time for the event is beyond that stated in the Local Alcohol Policy unless there are exceptional circumstances.

On this occasion the applicant has stated that the event is only held in Dunedin every ten years. We are satisfied that this does make it an exceptional occasion for the club. Previously we were advised by the club that they notify the occupants of neighbouring properties of all events. We assume this has been done on this occasion so they will be aware of the later closing time for this event.
