of an application by Audiology Touring Limited pursuant to s.138 of the act for a special licence in respect of the area situated at 190 Union Street, Dunedin, and known as "Logan Park Soccer Field 2"

**DECISION OF DUNEDIN DISTRICT LICENSING COMMITTEE**

In accordance with section 191(2) of the Sale and Supply of Alcohol Act 2012 this application has been considered under delegated authority.

**DECISION**

This is an application by Audiology Touring Limited for a special licence for the area situated at 190 Union Street, Dunedin, and known as the "Logan Park Soccer Field 2".

The applicant has requested a special licence for the Southern Sounds Festival to be held on Saturday 21 September 2024 between 2.00 pm and 10.00 pm. They have requested the premises be designated a restricted area for the duration of the festival.

The reporting agencies (Police, Medical Officer of Health and Licensing Inspector) have raised a number of matters of concern arising from the 2023 Festival however, they believe the applicant should be provided the opportunity to demonstrate they can meet a higher level of compliance.

The applicant has stated they will have a serve limit of two units per sale from the beginning of the event. This shall be a condition on the licence. Similarly, the Licensing Inspector has indicated the applicant was still to finalise the food providers and has requested the final list be provided to the agencies no later than 10 working days before the event so they may be satisfied the providers will adequately serve the number of patrons expected.

The Committee has considered the reports completed after the 2023 event. One of their main concerns is the level of intoxication exhibited by attendees, either from alcohol or other drugs. The reports also indicated there were insufficient toileting facilities for the number of attendees and the amount of litter left by attendees outside the immediate area of the event. While the litter may be outside the event we believe the applicant is responsible for leaving the surrounding area as they found it. If the event did not take place, the litter would not have been left in the area.

The agencies have reported the applicant has put in place measures to mitigate what they observed in 2023 and have recommended this event be allowed to proceed so their new controls can be observed. Of note is the ratio of one security person per 100 attendees.

The Committee's first response is to call the matter to a hearing. However, the agencies have been liaising with the applicant and we accept the recommendation as presented. We therefore grant the

special licence; a copy of which is attached to this decision setting out the conditions to which it is subject.

We would like to advise the applicant that this event will determine the outcome of future events of this nature.
