Chosen contact method (this will be the first point of contact for all communications for this application)

I wish the following to be used as the address for service (tick one): ☒ Email ☐ Post ☐ Other:

Ownership of the site

Who is the current owner of the site?

Toumaline Trust (I am a trustee)

If the applicant is not the site owner, please provide the site owner's contact details:

Address:

Postcode:

Phone (daytime):

Email:

Planning Application Fees Payment Details (Who are we invoicing)

N/A

THIS FORM MUST BE COMPLETED FOR ALL PLANNING APPLICATIONS THAT ATTRACT A FEE. ALL FIELDS ARE MANDATORY.

This information is required to assist us to process resource consent invoices and refunds at lodgement and the end of the process. If you have any queries about completing this form, please email planning@dcc.govt.nz

Deposit Payment Payee Details:

Full Name of Deposit Payee (Person or Company):

Mailing Address of Deposit Payee (please provide PO Box number where available):

Email Address of Deposit Payee:

Daytime contact phone number:

Important Note: The Payee will automatically be invoiced for the deposit and/or any additional costs. Should a portion of the deposit be unspent, it will be refunded to the payee.

Fees

Council recovers all actual and reasonable costs of processing your application. Most applications require a deposit and costs above this deposit will be recovered. A current fees schedule is available on www.dunedin.govt.nz or from Planning staff. Planning staff also have information on the actual cost of applications that have been processed. This can also be viewed on the Council website.

Development contributions

Your application may also be required to pay development contributions under the Council's Development Contributions Policy. For more information please ring 477 4000 and ask to speak to the Development Contributions Officer, or email development.contributions@dcc.govt.nz.

Occupation of the site

Please list the full name and address of each occupier of the site:

Monitoring of your Resource Consent

To assist with setting a date for monitoring, please estimate the date of completion of the work for which Resource Consent is required. Your Resource Consent may be monitored for compliance with any conditions at the completion of the work. (If you do not specify an estimated time for completion, your Resource Consent, if granted, may be monitored three years from the decision date).

(month and year)

Monitoring is an additional cost over and above consent processing. You may be charged at the time of the consent being issued or at the time monitoring occurs. Please refer to City Planning's Schedule of Fees for the current monitoring fee.

Detailed description of proposed activity

Please describe the proposed activity for the site, giving as much detail as possible. Where relevant, discuss the bulk and location of buildings, parking provision, traffic movements, manoeuvring, noise generation, signage, hours of operation, number of people on-site, number of visitors etc. Please provide proposed site plans and elevations.

Description of site and existing activity

Please describe the existing site, its size, location, orientation and slope. Describe the current usage and type of activity being carried out on the site. Where relevant, discuss the bulk and location of buildings, parking provision, traffic movements, manoeuvring, noise generation, signage, hours of operation, number of people on-site, number of visitors etc. Please also provide plans of the existing site and buildings. Photographs may help.

(Attach separate sheets if necessary)

District plan zoning

What is the District Plan zoning of the site?

Are there any overlaying District Plan requirements that apply to the site e.g. in a Landscape Management Area, in a Townscape or Heritage Precinct, Scheduled Buildings on-site etc? If unsure, please check with City Planning staff.

Breaches of district plan rules

Please detail the rules that will be breached by the proposed activity on the site (if any). Also detail the degree of those breaches. In most circumstances, the only rules you need to consider are the rules from the zone in which your proposal is located. However, you need to remember to consider not just the Zone rules but also the Special Provisions rules that apply to the activity. If unsure, please check with City Planning staff or the Council website.

Affected persons' approvals

I/We have obtained the written approval of the following people/organisations and they have signed the plans of the proposal:

Name:

Address:

Name:

Address:

Please note: You must submit the completed written approval form(s), and any plans signed by affected persons, with this application, unless it is a fully notified application in which case affected persons' approvals need not be provided with the application. If a written approval is required, but not obtained from an affected person, it is likely that the application will be fully notified or limited notified.

Assessment of Effects on Environment (AEE)

In this section you need to consider what effects your proposal will have on the environment. You should discuss all actual and potential effects on the environment arising from this proposal. The amount of detail provided must reflect the nature and scale of the development and its likely effect. i.e. small effect equals small assessment.

You can refer to the Council's relevant checklist and brochure on preparing this assessment. If needed there is the Ministry for the Environment's publication "A Guide to Preparing a Basic Assessment of Environmental Effects" available on www.mfe.govt.nz. Schedule 4 of the Resource Management Act 1991(RMA) provides some guidance as to what to include.

Please see pages attached.

The following additional Resource Consents from the Otago Regional Council are required and have been applied for: Yes ☒ No
Water Permit Discharge Permit Coastal Permit Land Use Consent for certain uses of lake beds and rivers ☒ Not applicable

Assessment of Objectives and Policies

In this Section you need to consider and assess how your application proposal aligns with the relevant objectives and policies in the District Plan relating to your activity. If your proposal is a discretionary or non-complying activity under the District Plan more attention to the assessment will be necessary as the objectives and policies of the District Plan may not always be in support of the proposed activity.

Declaration

I certify that, to the best of my knowledge and belief, the information given in this application is true and correct.

I accept that I have a legal obligation to comply with any conditions imposed on the Resource Consent should this application be approved.

Subject to my/our rights under section 357B and 358 of the RMA to object to any costs, I agree to pay all the fees and charges levied by the Dunedin City Council for processing this application, including a further account if the cost of processing the application exceeds the deposit paid.

Signature of: ☒ Applicant Agent (tick one):

Date: 27.6.23

Privacy – Local Government Official Information and Meetings Act 1987

You should be aware that this document becomes a public record once submitted. Under the above Act, anyone can request to see copies of applications lodged with the Council. The Council is obliged to make available the information requested unless there are grounds under the above Act that justify withholding it. While you may request that it be withheld, the Council will make a decision following consultation with you. If the Council decides to withhold an application, or part of it, that decision can be reviewed by the Office of the Ombudsmen.

Please advise if you consider it necessary to withhold your application, or parts of it, from any persons (including the media) to (tick those that apply):

- ☐ Avoid unreasonably prejudicing your commercial position
- ☐ Protect information you have supplied to Council in confidence
- ☐ Avoid serious offence to tikanga Māori or disclosing location of waahi tapu

What happens when further information is required?

If an application is not in the required form, or does not include adequate information, the Council may reject the application, pursuant to section 88 of the RMA. In addition (section 92 RMA) the Council can request further information from an applicant at any stage through the process where it may help to a better understanding of the nature of the activity, the effects it may have on the environment, or the ways in which adverse effects may be mitigated. The more complete the information provided with the application, the less costly and more quickly a decision will be reached.

Further assistance

Please discuss your proposal with us if you require any further help with preparing your application. The Council does provide pre-application meetings without charge to assist in understanding the issues associated with your proposal and completing your application. This service is there to help you.

Please note that we are able to provide you with planning information but we cannot prepare the application for you. You may need to discuss your application with an independent planning consultant if you need further planning advice.

City Planning Staff can be contacted as follows:

IN WRITING: Dunedin City Council, PO Box 5045, Dunedin 9054

IN PERSON: Customer Services Centre, Ground Floor, Civic Centre, 50 The Octagon

BY PHONE: (03) 477 4000

BY EMAIL: planning@dcc.govt.nz

There is also information on our website at www.dunedin.govt.nz

Information requirements

- Completed and Signed Application Form
- Description of Activity and Assessment of Effects
- Site Plan, Floor Plan and Elevations (where relevant)
- Written Approvals
- Payee details
- Application fee (cash, eftpos, direct credit or credit card (surcharge may apply))
- Certificate of Title (less than 3 months old) including any relevant restrictions (such as consent notices, covenants, encumbrances, building line restrictions)
- Forms and plans and any other relevant documentation signed and dated by Affected Persons

In addition, subdivision applications also need the following information:

- Number of existing lots
- Number of proposed lots
- Total area of subdivision
- The position of all new boundaries

In order to ensure your application is not rejected or delayed through requests for further information, please make sure you have included all of the necessary information. A full list of the information required for resource consent applications is in the Information Requirements Section of the District Plan.

17 Sandringham St – Application to remove cabbage tree (T990)

We wish to remove the cabbage tree as shown above. We are planning on landscaping our property and this has precipitated our desire to apply for this consent. As part of our landscaping, we would like to re-concrete our driveway and beautify the whole section, with plantings, paving and fencing. We think this, as a whole, would add to the positive aesthetic of our street and greater neighbourhood.

While a large and old tree, it is not a great specimen, which has been confirmed by DCC arborist, Mark Roberts (see his comments attached). I note in the attached printed email from Phil Marshall he mentions that an independent arborist's opinion may help with our application. We trust Mark Roberts opinion, and, feel that as the DCC arborist he would be accurate and impartial. We agree with his comments and wish to progress without another opinion at this stage.

The tree is not rare, there are approximately 6 other cabbage trees within sight of our front lawn and many others within our block.

We live in a very tree dense suburb with many other large trees around including one other on our property, multiple large trees in our surrounding neighbour's properties and the street itself.

The tree is missing branches, has some rot and some dead limbs.

As a cabbage tree, it drops a huge amount of non-compositable fronds and debris continuously.

The tree has cracked our concrete driveway, we have had tree roots block our roadside drain which had to be removed and repaired, the roots lift the lawn and it sucks all the moisture out of the front garden which makes growth incredibly slow for other plantings.

The tree doesn't have particular pedestrian appeal, as when you walk past you can really only see the trunk, which as can be seen in the attached photos, is rather ugly.

17 Sandringham Street

Hi,

Notes from Mark Roberts.

Roberts Consulting Ltd | +64 21 508 255 | www.robertsconsulting.co.nz

The cabbage tree (T990) at 17 Sandringham St, is nice but has issues. The owners wish to remove it based on nuisance and it being nothing special (which is hard to argue against). I explained that it would most likely require a public hearing as part of the process, they seemed comfortable with that, and will probably apply to have it removed.

Possibility of public notification as suggested by Mark but this will be determined by the processing planner based on an effects assessment.

An independent arborists opinion would help the application.

Phillip Marshall

CITY COUNCIL | a-rohe o
Ōtepoti

The existing picket fence will be removed and replaced with a new 1800mm high timber fence, like the image below, minus the metal flashing.

plantings

The new front fence will extend back towards the house from the road to close off the deck side of the section from the main entrance and drive. This will be constructed at approximately 1600mm high or lower as opposed to the 1800mm high that the front fence is placed at.

There will be a gate constructed between the house and the end of the new internal fence, this would be placed in a more open and lighter material than the timber of the fence, like the other gates along the front.

There is the option to place a series of pavers through the lawn as semi-hard access from the main entrance to the deck area, these would be placed in such a way that the lawn is flush with the top of the paver making them easy to mow over.

There is the option to lay a concrete mowing strip along the edge of the house and across the front of the deck to keep the edge of the lawn tidy.

There is the option to extend the deck out towards the boundary leaving a 600mm strip of planting off the edge of the deck to soften the fence.

The existing gates could also be replaced but have the option to be constructed in something more open and lighter than the timber of the fence. There is the option that the existing gates could be reused or something of a similar style.

The initial surface of the drive will be removed and replaced with a new two-material surface of exposed aggregate forming a 500mm border around an internal surface of the asphalt.

The existing concrete path will be removed and replaced with a new 600mm by 600mm paved surface right up to the front door also replacing the existing tiles would be replaced with an outdoor porcelain tile like the one pictured below.
