

APPLICATION FOR AN EXEMPTION FOR BUILDING CONSENT UNDER SCHEDULE 1 – PART 1 – CLAUSE 2(A) OF THE BUILDING ACT 2004:

Retrofitted boundary backflow prevention devices*

*Where backflow installation is the only work being undertaken that requires a building consent. Excludes fire service lines.

This form should only be used:

- Where a retrofitted boundary backflow device is required by the Dunedin City Council (DCC) Water and Waste Services; and
- There is no other building work occurring in conjunction with the retrofit, that requires a building consent; and
- The boundary backflow device is not to be fitted to a fire service line (the fire protection system is part of the building's compliance schedule)

DCC Water and Waste Services will process the exemption application. DCC Building Services may grant a discretionary exemption under Schedule 1- Part 1 – Clause 2(a) to the Building Act 2004, where they consider that the completed building work is likely to comply with the building code.

Please contact Dunedin City Council Building Services to apply for exemption applications for other than the above.

For further information please refer to the Ministry of Business, Innovation & Employment www.dbh.govt.nz/bc-no-consent
